## 49th Annual General Meeting

at 10:00 am on Friday, 29th September, 2023 At the Registered Office of the Company

# Shri Jashbhai Ishwarbhai Patel

# **Our Vision:**

To be a top global company in manufacturing equipment for water and wastewater industry and command respect for all stakeholders through growth, innovation and customer focus.

### **CHAIRMAN'S SPEECH**

### Dear Shareholders.

I cordially welcome you all to the 49th Annual General Meeting of Jash Engineering Limited. On behalf of the Board of Directors, it is with great pleasure I present to you our Annual Report for the fiscal year ended March 31, 2023, highlighting the significant achievements and promising outlook for your company.

I am delighted to report that we have maintained a strong growth momentum in the past year. Our success can be attributed to a healthy order book and the dedication of our entire team. In FY23, we achieved a consolidated revenue growth of 11%, and our Profit After Tax (PAT) witnessed an impressive growth of 61%.

On a standalone basis, Jash Engineering reported revenue of ₹281 crores in FY23 with an increase in profitability from ₹25 crores to ₹41 crores. Our US subsidiary Rodney Hunt has reported substantial growth with revenue up from \$17.8 million to around \$20.4 million and profit after taxes around \$1 million in FY 23. In case of Shivpad, revenue has grown from ₹23.6 crores to ₹27.2 crores with PAT of ₹4.9 crores, a significant increase over last year. These outcomes stem from strategic decisions made and the collective endeavors of every member within the Jash family.

I am proud to share that our consolidated order book position as on 1st August 2023 for the current year stands strong at ₹829 Crores, with ₹591 Crores coming from orders outside India and ₹238 crores within India. Based on this robust order book, we anticipate a growth in revenue of over ~20% this year. This optimistic outlook is fuelled by robust demand for our products, both domestically and globally. Our order pipeline is also exceptionally strong, with negotiated orders amounting to nearly ₹36 Crores in the month of July, and additional orders under negotiation worth approximately ₹29 crores. Both our domestic and international markets continue to thrive, with a steady influx of projects. I am confident of sustaining our growth trajectory in the current year and beyond.

As we continue to expand our operations and product offerings, I am excited to announce some noteworthy developments within the company. Jash Engineering Ltd., India, and INVENT Umwelt- und Verfahrenstechnik AG, Germany, have joined forces to establish a Joint Venture Company, Jash Invent India Pvt. Ltd. This venture will introduce the Invent product range into the Indian market, presenting the possibility of achieving an annual revenue of ₹30 Crores in the next five years.

Furthermore, we have successfully negotiated an agreement with Waterfront to acquire 80% of its shares, making Waterfront a subsidiary of Jash Engineering. Through this strategic move, Jash aims to grow Waterfront's revenue from approximately ₹ 28 Crores in 2022-23 to ₹100 Crores by 2027-28, positioning it as the largest Water Control Gates company in the UK. We have already taken an adjoining shed on lease to enhance Waterfront's infrastructure and facilitate its growth.

None of our achievements would materialize without the steadfast support of our Board and the entire team. I extend my heartfelt appreciation to every employee of our company and its subsidiaries for their tireless efforts in propelling our company from strength to strength. Your dedication and hard work has served as the cornerstone of our success.

Lastly, I want to express my gratitude to our esteemed shareholders, partners, and all stakeholders for their unyielding trust in our vision and continued support throughout our progressive journey. Your confidence in us motivates us to excel and strive for even greater heights.

In conclusion, the future of Jash Engineering Limited appears promising and we are excited about the prospects that lie ahead. Together, we will continue to build on our successes and navigate any challenges that come our way.

Thank you all for being a part of our journey.

2023 : A milestone year for JASH - The year in which we celebrate our "Golden Jubilee"

Shri Jashbhai Patel, a Chief Engineer in a textile mill at Indore laid the foundation of the now burgeoning Jash group by buying the state workshop of Dewas in 1948. On 29<sup>th</sup> September 1973, Jash Engineering was incorporated as a separate company of the group and with tremendous hard work, dedication, innovation, vision, resilience and teamwork of people past and present we are now on the verge of completing fifty years of the company in 2023.

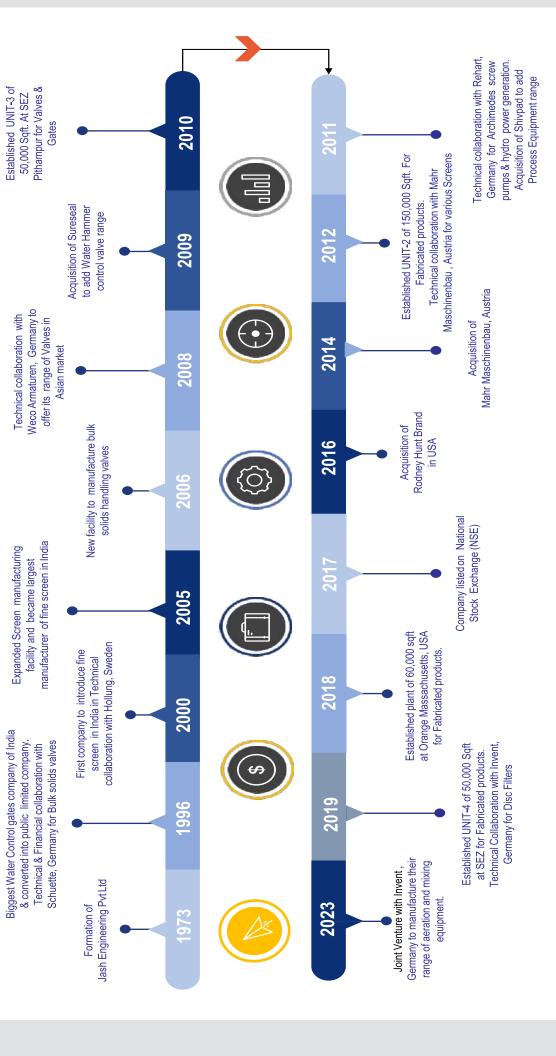

Over the past 5 decades Jash Engineering has evolved as a specialized manufacturer of varied equipment used in water/waste water/sea water / Storm water conveyance, pumping and treatment, bulk solid handling valves and hydropower generation. The evolution from 1973 to 2023 has been phenomenal and in this process the company has acquired various companies worldwide starting with Sureseal, Mumbai in year 2009, Shivpad, Chennai in year 2011, Mahr Maschinenbau, Austria in year 2014, Engineering & Manufacturing, Hongkong in year 2014, Rodeny Hunt, USA in year 2016 and now finally Waterfront, UK in 2023. Jash along with its various subsidiaries is having over 400 years of cumulative experience and is considered as preferred supplier for most of critical applications to over 45 countries worldwide.

What started as small step by Shri Jashbhai Patel have now become giant strides culminating in a global company having presence on 4 continents through its wholly owned subsidiaries and deriving over more than half of its revenue from supply of equipment to projects outside India. We lead the market in India in most of the products we make and stand within the first five in the world for the water control gates business and eventually aiming to be amongst the top three companies globally in the water control gates business by 2025.

Our company has been guided by a commitment to delivering the best outcomes for everyone who relies on our business. In our 50th year, we pay tribute to the partnership with our valued shareholders, customers, business partners, and especially our employees – past and present – who have believed in our vision of making a positive impact on our communities by contributing to create a sustainable environment for all time to come. Our annual report highlights that Jash' strength has been the sum of its parts working in unison with a shared vision for success. Our story has been enriched through an investment strategy to build a diverse portfolio of high-performing market-leading businesses backed by our shareholders and talented workforce. It is through our collective efforts that we lead the way in providing high-quality services in India as well as around the globe.

In this 50<sup>th</sup> year of our company we fondly remember the invaluable contribution of our past Managing Directors Mr Navinchandra Jashbhai Patel and Mr Laxminandan Amin whose relentless passion for the company has played a big role in what we are today. We are immensely proud of the heritage left behind by them and now look forward to achieving the next milestone of 100 years in business backed by all of our stakeholders who have been an integral part of our journey!

Marg, Vikhroli (West), Mumbai, Maharashtra, 400 083 or email at <a href="mailto:rnt.helpdesk@linkintime.co.in">rnt.helpdesk@linkintime.co.in</a> in case the shares are held by them in physical form.

Members may please note that SEBI vide its Circular No. SEBI/HO/MIRSD\_RTAMB/P/CIR/2022/8 dated January 25, 2022 has mandated the listed companies to issue securities in demat form only while processing service requests viz. Issue of duplicate securities certificate; claim from Unclaimed Suspense Account; Renewal/ Exchange of securities certificate; Endorsement; Sub-division/ Splitting of securities certificate; Consolidation of securities certificates/folios; Transmission and Transposition. Accordingly, Members are requested to make service requests by submitting a duly filled and signed Form ISR - 4, the format of which is available on website of the RTA at https://linkintime.co.in/downloads.html. It may be noted that any service request can be processed only after the folio is KYC Compliant.

11. The Company has entered into agreements with the Depositories. The Depository System envisages the elimination of several problems involved in the scrip based system such as bad deliveries, fraudulent transfers, fake certificates, thefts in postal transit, delay in transfers, mutilation of share certificates, elimination of concept of market lot, elimination of bad deliveries, reduction in transaction costs, improved liquidity, etc. As per SEBI Circular with effect from April 1, 2019, the Company has stopped effecting transfer of securities in physical form.

Members are therefore requested to demat their physical holding for any further transfer. Members can however continue to make request for transmission or transposition of securities held in physical form.

However, as per SEBI circular no. SEBI/HO/MIRSD/MIRSD\_RTAMB/P/CIR/2022/8 dated January 25, 2022, the Company / RTA will issue Letter of Confirmation (LOC) in lieu of share certificate, which should be dematerialized within 120 days from the date of issue of LOC.

12. As per the provisions of Section 72 of the Act, the facility for making nomination is available for the members in respect of the shares held by them. Members who have not yet registered their nomination are requested to register the same by submitting Form No. SH-13. If a member desires to opt out or cancel the earlier nomination and record a fresh nomination, he/she may submit the request in the specified formats, which are available on the Company's website at www.jashindia.com and also available on the RTA's website at https://linkintime.co.in/downloads.html. Members are requested to submit the said details to their respective DP, in case the shares are in dematerialized form and to the RTA, in case the shares are held in physical form.

### 13. Members are requested to:

- quote their Registered Folio number in case of shares in physical form and DP ID and Client ID in case of shares in dematerialized form, in their correspondence(s) to the Company.

### 2. STATE OF AFFAIRS OF THE COMPANY:

### A. BUSINESS ACTIVITIES OF THE COMPANY

Your company is involved in the business of design and manufacture of a wide range of equipment for Water Intake Systems, Water and Waste Water Pumping Stations and Treatment Plants, Storm Water Pumping Stations, Water Transmission Lines, Power, Steel, Cement, Paper & Pulp, Petrochemicals, Chemical, Fertilizers and other process plants. These equipment are Water control gates, Mechanized screening systems, Screening conveying and washing systems, Knife gate valves, Water hammer control valves, Energy dissipating valves, Archimedes screw pumps, Micro hydro turbines, Clariflocculators, Flash Mixers, Degriters, Aerators, Thickeners, Gravity Decanters, Trickling Filters, Digester Mixers, DAF Units, Bulk Solid handling valves, Disc Filters and Air Vessels.

Your company offers a single stop solution under one roof including Design, Casting, Machining, Fabrication, Assembly & Testing and provides the most varied range of these products in largest possible sizes. To ensure this, the company is continuously investing in its manufacturing capability as well as in development of new products & technologies either on its own or through collaboration with suitable technology partners and leaders in the trade.

The company is a market leader in India for most of the products that it manufactures and is also among the first 5 in the world in the Water control gates business. Various brands belonging to the company and its subsidiaries are approved and registered in most of the countries and this ensures availability of wide export market for the company. Over 50% of company revenue comes from sales outside India and the company aims to increase this to nearly 65% in next 2 years' time so as to become a truly Indian Multinational company with majority of revenue coming from outside India.

### **B. YEAR IN RETROSPECT**

### (I) STANDALONE PERFORMANCE

In the financial year 2022-23, the company achieved significant growth in its consolidated income as well as profit. The consolidated total income of the company for the year at Rs. 41,520.77 lacs (Rs. 4,152.07 million) shows a growth of approximately 11.13 % over the previous year total income of Rs. 37,361.93 lacs (Rs. 3,736.19 million). ### (II) SUBSIDIARIES PERFORMANCE

### a) SHIVPAD ENGINEERS PVT. LTD., INDIA

Shivpad Engineers Pvt. Ltd. is a wholly owned subsidiary of the Company, operating in Ambattur Industrial Estate, Chennai – 600058. Tamilnadu, India. It is engaged in Design, Manufacture and Supply of treatment process equipment for Water Treatment, Waste Water Treatment and Sewage Treatment Plants and also Chemical process Industry equipment related to solid - liquid separation viz., Milk of Lime preparation plant equipment, Multi-deck Clarifiers, Rake & Screw Classifiers and other ancillary business.

In the financial year 2022-23, the company achieved growth in its turnover accompanied with significant improvement in profit. The total income of the Company for the year at Rs. 2,718.80 lacs (Rs. 271.88 million) shows a growth of approximately 15.03% over the previous year total income of Rs. 2,363.54 lacs (Rs. 236.35 million). The net profit of the Company for the year was Rs. 498.06 lacs (Rs. 49.80 million) as compared to previous year net profit of Rs. 406.33 lacs (Rs. 40.63 million), showing a growth of approximately 22.57% over the previous year.

### b) JASH USAINC./RODNEY HUNTINC., USA

JASH USA INC DBA Rodney Hunt is a wholly owned subsidiary of the Company, operating in Houston, Texas 77036, USA with its manufacturing facility in Orange, Massachusetts. It is engaged in manufacturing wide range of water control gates and equipment for Water Intake Systems, Water and Waste Water Pumping Stations and Treatment Plants, Storm Water Pumping Stations, Water Transmission Lines and for various industries.

In the financial year 2022-23, the company achieved significant growth in its turnover accompanied with significant improvement in profit. The total income of the Company for the year at USD 20.36 million (equivalent to Rs. 16,739.17 lacs / Rs. 1673.91 million) showed a growth of approximately 14.51% over the previous year total income of USD 17.78 million (equivalent to Rs. 14,620.96 lacs / Rs. 1,462.09 million). The net profit of the Company for the year was USD 1.04 million (equivalent to Rs. 859.16 lacs / Rs 85.91 million) as compared to previous year net profit of USD 0.63 million (equivalent to Rs. 523.13 lacs / Rs. 52.31 million) showing an increase of approximately 65.08% over the previous year profit.

Becoming profitable augers well for the company since it will help sway the skeptical buyers who were reluctant to place their orders on the company previously due to its poor financial situation. Also once the company has crossed revenue of USD 20

million it will now be considered amongst the major player in Water control gates business in North America and the clients will not be easily swayed by competitors giving negative opinion about the stability of the company.

### c) ENGINEERING & MANUFACTURING JASH LIMITED, HONGKONG

Engineering & Manufacturing JASH Limited, is a wholly owned marketing subsidiary of the Company operating in Tsimshatsui, Kowloon, Hong Kong. It is engaged in marketing of Screening and Screening conveying equipment manufactured under E&M Jash Brand, a well-established and approved brand with DSD, Hongkong. The company has no employees and its products are made using Mahr Maschinenbau technology while manufacturing is done in Jash Engineering facility at SEZ Pithampur.

### d) MAHR MASCHINENBAU Ges.m.b.H, AUSTRIA

Mahr Maschinenbau Ges.m.b.H, is a wholly owned subsidiary of the Company operating in Hagenbrunn, Austria. It is now engaged in development of new technology for Screening and Screenings handling equipment and all its manufacturing activities have been closed down.

In the financial year 2022-23, the company achieved moderate growth in its turnover accompanied with slight reduction in losses. The total income of the Company for the year was EURO 20,000 (equivalent to Rs. 17.92 lacs / Rs. 1.79 million) as against the previous year total income of EURO 12,568 (equivalent to Rs. 11.26 lacs / Rs. 1.12 million). The net loss of the Company for the year was Euro 108,082.16 (equivalent to Rs. 96.85 lacs / Rs. 9.68 million) as compared to previous year net Loss of Euro 120,408 (equivalent to Rs. 107.89 lacs / Rs. 10.78 million).

### (iii) NEW ACTIVITIES & DEVELOPMENTS

Construction of a new floor in head office building was also started in Jan 2023 and will be ready by end September 2023. Once completed this would accommodate about 40 people in design and marketing and ensure that for next 5 years there would be no need for any additional office space.

Construction of a new SS Products assembly plant of approx. 28,000 square feet was started in Unit-2 of Jash Engineering Ltd. in November 2022 and this is expected to be ready for commissioning by end of September 2023.

Improvements in machinery and infrastructure was also carried out in Unit 1, Unit 2 and Unit 3 at Indore and at US facility in Orange to improve efficiency and output and reduce outsourcing.

### PROSPECTS FOR YEAR 2023-24

### A. DOMESTIC MARKET SITUATION

In recent years, there has been a growing focus on environmental sustainability. As a result, governments around the world, including India, have introduced stringent regulations on waste water treatment to ensure that municipal corporations comply with the standards for wastewater discharge. These regulations specify the permissible limits for various parameters such as chemical oxygen demand (COD), total dissolved solids (TDS), total suspended solids (TSS), and biological oxygen demand (BOD) in industrial wastewater.

Indian Government's continuous focus to provide quality water to every household, high water demand from population explosion and various industries and stringent regulations on wastewater treatment are projected to further propel the expansion of India water and wastewater treatment market which is expected to grow at a CAGR of 10%. Major growth drivers include increasing stringent regulations such as the zero liquid discharge regulation and increased focus on treatment of sewage prior to release into water bodies.

By 2030, India's water demand will be two times greater than availability, signifying catastrophic water scarcity in the country. Long-term demand for reuse of waste water is predicted to increase due to the scarcity of water for industrial and residential use.

To address these issues, government is developing comprehensive water and wastewater treatment infrastructure. Several government schemes like the Atal Mission for Rejuvenation and Urban Transformation, the National Mission for Clean

Ganga, the Jal Jeevan Mission, and Community Drinking Water Schemes contribute to the expansion of the Indian water and wastewater treatment business.

### **B. INTERNATIONAL MARKET SITUATION**

Demand for water and wastewater treatment is driven by the rapid industrialization and urbanisation of cities around the world along with the increasing need for clean water. Growing awareness of health risks, negative environmental impact and incidence of serious diseases is likely to have a positive impact on the global market for residential as well as industrial water treatment equipment. Moreover, strict manufacturing standards for treated water are expected to promote further expansion of the residential water treatment equipment market. The growing demand for fresh water around the world, particularly in countries such as South Africa, Russia, India, China, and Brazil, is another factor driving demand for water treatment equipment.

According to the global strategic business report, the global water and wastewater treatment equipment market size was valued at US\$ 61.6 billion in 2022 and is expected to expand at a compound annual growth rate (CAGR) of 4.5% from 2023 to 2030 with an estimated growth to US\$81.7 billion by 2030.

### 4. FUTURE OUTLOOK & PLANS

### A. RODNEYHUNT, USA

This year Rodney Hunt is expected to breach USD 25 million revenue and be reckoned as one of the leading company in water control gates business in USA. The company has finally been able to secure financing options from two banks in USA and will freeze one of the option by the end of 2023. The company also expects to secure bonding in this year. All this would significantly change its ability to secure larger orders and become the biggest player in this business in north America.

Manpower wise the company is well positioned today and with induction of few more people will be all set to take bigger and better projects. The company plans to establish its second US manufacturing facility in US at Pearland near Houston, Texas. The land for this facility is already acquired and plans for this facility will be prepared by end of 2023. After getting due approvals, the construction of the plant is expected to start sometime in 2024 and the plant will be commissioned in mid 2025.

### B. WATERFRONT FLUID CONTROLS LTD., UK

Waterfront presently sells products sourced from Jash as well as products made by itself and sourced from others. Jash products contribute upto 30% to its revenue. Upon acquisition of Waterfront we plan to invest in new facilities at Waterfront to enable it manufacture Stainless steel gates for short delivery requirement at its Glasgow facility. We will follow the same format of business on which we operate Rodney Hunt ie produce long term delivery orders in India and short term delivery orders in UK so as to secure most of the orders. All the design and engineering for most of the products will be done in India and only design engineering for HDPE products will be done in Glasgow.

### C. CAPITAL INVESTMENT

Major capital investment is already undergoing in Unit 2 and is at an advanced stage of completion. This comprise of making a new plant of about 28,000 sq. feet for assembly of Stainless steel products where current range of screening products and the new product range of Invent products will be manufactured. A cricket turf along with a restaurant is also under construction at Unit 2 which will be given out on lease for operation and the amount derived from the lease will be used for employee engagement activities. The employees will also be able to use the cricket turf facilities for free and get a discount at the restaurant attached with the cricket facility. All these will be commissioned in end September 2023 and will entail and investment of about Rs. 600 lacs (Rs. 60 million) in FY 2023-24.

Only minor capital investments amounting to not more than Rs. 300 lacs (Rs. 30 million) is required to be done in Unit 1, 3 and 4 with a view to improve plant output and efficiency. This includes adding of a floor at the headoffice for expanding the design office and also accommodate the people of Jash Invent team.

Work on new plant and office for Shivpad has been started in August 2023 on a 2 acres plot which was already bought in FY 2022-23. This plant of approx. 45,000 sq feet with an office of about 10,000 sq. feet will be built to manufacture fabricated products of Shivpad. ### (I) DISC FILTERS - NEW DESIGN:

Work on indigenous development of Filter panels for Disc filters of the old design which are currently imported and are a major cost element in a Disc Filter machine is at an advance stage. We expect to have locally manufactured filter panels by early September 2023. With this we will achieve over 95% indegenisation enabling us to become competitive in the Indian market.

However on the basis of feedback given by Jash to Invent, Invent has now done initial design development on reducing the head loss and increasing the throughput of machine by 40-60%. This new version of the machine will be entirely developed in India. The first prototype of the machine will be developed by end of 2023 / early 2024 and we expect to take this design in to commercial production by mid 2024. If this machine stands good to its designed parameters then this will make us reasonably competitive and also open up the possibility that Invent would switch over to this design and rely on the company to supply this new version to Invent for its requirement.

The Annual Return of the Company as on March 31<sup>st</sup>, 2023 is available on the Company's website and can be accessed at <a href="https://drive.google.com/file/d/1HFKeABUxyFv7R\_KmKdKSdpfPN8Qxh86T/view?usp=drive\_link">https://drive.google.com/file/d/1HFKeABUxyFv7R\_KmKdKSdpfPN8Qxh86T/view?usp=drive\_link</a>

## 29. RISK MANAGEMENT:

Risks are events, situations or circumstances which may lead to negative consequences on the Company's businesses. Risk management is a structured approach to manage uncertainty. A formal enterprise wide approach to Risk Management is being adopted by the Company and key risks will now be managed within a unitary framework. As a formal roll-out, all business divisions and corporate functions will embrace Risk Management Policy and Guidelines, and make use of these in their decision making. Key business risks and their mitigation are considered in the annual/strategic business plans and in periodic management reviews. The risk management process in our multi-business, multi-site operations, over the period of time will become embedded into the Company's business systems and processes, such that our responses to risks remain current and dynamic.

The Risk Management Committee, has been designated by the Board for reviewing the adequacy of the risk management framework of the Company, the key risks associated with the businesses of the Company and the measures are taken in place to minimize the same and thereafter the details are presented to and discussed at the Board meeting. The Risk Management Policy is hosted on the Company's website <a href="https://www.jashindia.com">www.jashindia.com</a>

# 30. VIGIL MECHANISM POLICY FOR THE DIRECTORS AND EMPLOYEES:

The Company's Board of Directors, pursuant to the provisions of Section 177(9) of the Companies Act, 2013 read with Rule 7 of the Companies (Meetings of Board and its Powers) Rules, 2014, has framed 'Vigil Mechanism Policy' for Directors and employees of the Company. The policy is to provide a mechanism, which ensures adequate safeguards to employees and Directors from any victimization on raising of concerns of any violations of legal or regulatory requirements, incorrect or misrepresentation of any, financial statements and reports, and so on. The Vigil Mechanism Policy is hosted on the Company's website <a href="https://www.jashindia.com">www.jashindia.com</a>

# 31. PARTICULARS OF INTERNAL COMMITTEE AND COMPLAINTS RECEIVED UNDER SEXUAL HARASSMENT OF WOMEN AT WORKPLACE (PREVENTION, PROHIBITION AND REDRESSAL) ACT, 2013:

The Company has constituted the Internal Committee under the provisions of the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 headed by the women employee of the Company. There is no complaint received during the year and pending at the ended financial year under provisions of the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013.

## 32. SIGNIFICANT AND MATERIAL ORDERS PASSED BY THE REGULATORS OR COURTS

There are no significant material orders passed by the Regulators/Courts which would impact the going concern status of the Company and its future operations.

# 33. MATERIAL CHANGES AND COMMITMENTS AFFECTING THE FINANCIAL POSITION OF THE COMPANY WHICH HAVE OCCURRED BETWEEN THE END OF THE FINANCIAL YEAR AND THE DATE OF THIS REPORT;

Except that as stated in the relevant places, the material changes, development, regarding project which is ongoing, from the 31<sup>st</sup> March, 2023 till the date of the Board Reports, there are no material changes which may affect the financial position of the Company.

# 34. RATIO OF THE REMUNERATION OF EACH DIRECTOR TO THE MEDIAN EMPLOYEE'S REMUNERATION AND PARTICULARS OF EMPLOYEES:

Pursuant to Section 197(12) of the Act read with Rule 5(1) of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, as amended from time to time, disclosures with respect to the remuneration of Directors, KMP and employees, are enclosed as <u>Annexure-I</u> to the Board's Report.

During the year, none of the employee received remuneration in excess of Rs. One Crore and Two Lacs or more per annum or employees employed for part of the year, received remuneration of `Eight Lacs Fifty Thousand or more per month, in accordance with the provisions of Section 197 of the Companies Act, 2013 read with Companies (Appointment and Remuneration of Managerial Personnel) Rule, 2014.

The information required under Section 136 of the Companies Act, 2013, the Report and Accounts are being sent to the Members excluding the information required under Rule 5(2) and 5(3) of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 (including amendments thereof), any Member interested in obtaining the same may write to the Company Secretary at the Registered Office of the Company.

## 35. EMPLOYEE STOCK OPTION SCHEME:

In the present competitive economic environment in the country and in the long-term interests of the Company and its shareholders, it is necessary that the Company adopts suitable measures for attracting and retaining qualified, talented and competent personnel. An employee stock option scheme, designed to foster a sense of ownership and belonging amongst personnel, is a well-accepted approach to this end. It is, therefore, appropriate to consider an Employee Stock Option Scheme for the employees of the Company and/or subsidiary company(ies) whether working in India or abroad. The Nomination and Remuneration Committee, inter alia administers and monitors the Company's employees' stock option scheme (ESOP Scheme) in accordance with the applicable SEBI (Share Based Employee Benefits) Regulations, 2014 (SEBI SBEB).

Company allotted 88,630 Equity shares to the eligible employee of Company, under Jash Engineering Employee Stock Option Scheme 2019" (JASH ESOP Scheme 2019). The Scheme is operated through demat mode only. JASH ESOP Scheme 2019 is administered by the Compensation Committee (NRC) of the Board, through JASH Group Employee ESOP Trust. The details on Options granted, exercised and lapsed during the financial year 2022-23 and other particulars as required under the Act, read with its rules and SEBI (Share Based Employee Benefits) Regulations, 2014 with regard to Employees' Stock Options are enclosed herewith as Annexure - J to the Board Report. Details of ESOP Scheme are also available on the Company's website <a href="https://www.iashindia.com">www.iashindia.com</a>

During the year under review, on recommendation of Nomination and Remuneration Committee and in accordance with resolution passed by shareholders dated 10/08/2019 read with in-principal approval given by the stock exchange dated 15/10/2019, Board at their meeting held on 04/02/2023 approved to grant IInd Stage of the Jash Group Employee Stock

Option for 2,45,600 options to the eligible employees of the company and its subsidiaries under Jash Group Employee Stock Option Scheme 2019.

## **36. INDUSTRIAL RELATIONS:**

During the year under review your Company enjoyed cordial relationship with workers and employees at all levels.

## 37. PREVENTION OF INSIDER TRADING:

In view of SEBI (Prohibition of Insider Trading) Regulation, 2015 the Company has adopted a Code of Conduct for Prevention of Insider Trading with a view to regulate trading in securities by the Directors and designated employees of the Company.

The Code requires Trading Plan, pre-clearance for dealing in the Company's shares and prohibition the purchase or sale of Company shares by the Directors and the designated employee.

## 38. DISCLOSURE FOR FRAUDS AGAINST THE COMPANY:

In terms of the provisions of Section 134(3)(C)(a) of the Companies Act, 2013, there were no frauds committed against the Company and persons who are reportable under section 141 (12) by the Auditors to the Central Government. Also, there were no non-reportable frauds during the Financial Year 2022-23.

# 39. TRANSFER OF AMOUNTS TO INVESTOR EDUCATION AND PROTECTION FUND:

Pursuant to the provisions of the Companies Act, 2013 read with the IEPF Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 ("the Rules") notified by the Ministry of Corporate Affairs. All unpaid or unclaimed dividend are required to be transferred by the company to the IEPF established by the Government of India, after the completion of seven years. During the year under review company has transferred of Rs. 10,160/- relates unclaimed and unpaid dividends of FY 2014-2015 to the IEPF Authority in the year 2022-23 as per the requirement of the said IEPF rules.

## **40.** CAUTIONARY STATEMENT:

The statements made in this Report and Management Discussion and Analysis Report relating to the Company's objectives, projections, outlook, expectations and others may be "forward looking statements" within the meaning of applicable laws and regulations. Actual results may differ from expectations those expressed or implied. Some factors could make difference to the Company's operations that may be, due to change in government policies, global market conditions, foreign exchange fluctuations, natural disasters etc.

## 41. CHANGE IN THE NATURE OF BUSINESS:

During the year under review, there was no change in the nature of business of the company.

## 42. SECRETARIAL STANDARDS ISSUED BY THE INSTITUTE OF COMPANY SECRETARIES OF INDIA:

The company complies with all applicable mandatory Secretarial Standards as issued by the Institute of Company Secretaries of India.

## 43. DIRECTORS & OFFICERS INSURANCE POLICY:

The company has in place the insurance policy for its Directors and officers with a quantum and coverage as approved by the board. The policy complies with the requirement of Regulation 25(10) of SEBI (LODR) Regulations, 2015. The same are also available on the Company's website <a href="https://www.jashindia.com">www.jashindia.com</a>

# 44. BUSINESS RESPONSIBILITY AND SUSTAINABILITY REPORTING

The SEBI vide its circular dated May 10, 2021, had introduced a new reporting requirement on Environmental, Social and Governance (ESG) parameters called the "Business Responsibility and Sustainability Report" (BRSR), which is intended towards having quantitative and standardised disclosures on ESG parameters to enable comparability across companies, sectors and time which will be helpful for investors to make better investment decision for the listed companies which is being mandatory for the top 1000 listed companies as per market capitalisation. Hence being counted in the top 1000 listed companies as per market capitalisation for FY 2022-23, your Company has adopted the BRSR mechanism as part of its business and the said BRSR are enclosed herewith as Annexure - K.

## 45. OTHER DISCLOSURES:

- Your Company has complied with the applicable Secretarial Standards relating to 'Meetings of the Board of Directors' and 'General Meetings' during the year.
- There are no proceedings initiated/pending against your Company under the Insolvency and Bankruptcy Code, 2016 which materially impact the business of the Company.
- The Company has not issued equity shares with differential rights as to dividend, voting or otherwise

## **46. ACKNOWLEDGEMENTS:**

Your Directors acknowledge the dedication and commitment of your company's employees to the growth of your company and their unstinted support has been integral to your company's ongoing success. Your Directors appreciate support of State Bank of India, HDFC Bank Limited, Bajaj Finance Ltd., Axis Bank Limited, Kotak Mahindra Bank Limited and various government agencies, customers, suppliers throughout the year for their support and confidence shown in the management of the company. The Directors also gratefully acknowledge support of the NSE, Share Transfer Agent and other intermediaries of the Public Issue of the Company and also to all stakeholders of the Company viz. customers, members, dealers, vendors and other business partners for the excellent support received from them during the year.

# **Management Discussion and Analysis Report**

## **ECONOMIC REVIEW**

## **Global Economy**

Amidst global economic uncertainty, the pandemic and the Russian invasion of Ukraine had profound impact on the economy. While the shocks of the pandemic continue to affect several countries across the world, the war in Ukraine has triggered a new crisis that is disrupting food and energy markets and worsening food insecurity, malnutrition in several developing countries. The conflict further disrupted global supply chains, leading to rising commodity prices, increasing inflationary pressures, and a global housing crisis driving millions of people into poverty and economic hardship. As a result, rising borrowing costs and the continued surge in inflation are now being reflected in several leading indicators of global economic activity. Major central banks around the world have tightened their monetary policies to stabilise the resulting inflation, resulting in more restrictive financial conditions.

The impact was evident in the first half of 2022-23, as the current account deficit (CAD) widened, retail inflation rose, portfolio investment drained, and the U.S. dollar strengthened against the INDIAN '₹'. In the second half of 2022-23, retail inflation fell below tolerance levels, portfolio investment began to return, the INDIAN '₹' has stabilised against the U.S. dollar, but export growth slowed as global growth slowed. Ascending interest rates and declining purchasing power have negatively impacted consumer and investor confidence, circulating further doubt on the global economy's near-term prospects for expansion. Global trade has slowed as consumer demand has diminished, the Ukraine conflict has dragged on, and supply chain challenges continue to arise.

The global output growth is expected to slow from an estimated 3% in 2022 to only 1.9% in 2023, indicating one of the lowest rates in recent decades. Global growth is expected to moderately accelerate to 2.7% in 2024 if some macroeconomic headwinds begin to fade next year, as expected. Inflationary pressures are expected to ease gradually as global aggregate demand weakens. The slowdown is widely distributed, affecting both developed and developing countries (figure I.1). The global manufacturing PMI, a leading indicator of economic activity, fell steadily in 2022, remaining in contraction territory from September to November(figure I.2).

## **INDIAN ECONOMY**

Over the past eight years, India has embarked on a transformative journey of new-age reforms, strengthening the economy's foundations and enhancing efficiency. From 2014 to 2022, structural and governance reforms were implemented that focused on improving living and business conditions while unlocking the economy's productive potential. Emphasis was placed on both physical and digital infrastructure development, thereby empowering individuals and businesses alike.

According to the Economic Survey, the nation's economy is expected to grow by 7% in real terms for the fiscal year ending March 2023. In FY23, India's economic growth was primarily driven by private consumption and capital formation, which helped generate employment as evidenced by the declining urban unemployment rate and faster net registration in Employee Provident Fund. Private consumption as a percentage of GDP stood at 58.4% in Q2 of FY23, the highest among all second quarters since 2013-14, supported by a rebound in contact-intensive services such as trade, hotel, and transportation. The Reserve Bank of India's foreign exchange reserves jumped \$12.8 billion to \$572.80 billion in the week ended 17th March 2023, registering the highest rise since the week ended November 11, 2022. At present levels, the RBI's reserves are at their highest level since February 3, 2023.

The central government's Capital Expenditure (Capex), which increased by 63.4 percent in the first eight months of FY23, was another growth driver of the Indian economy this year, crowding out private Capex since the January-March quarter of 2022. According to the survey, credit growth to the Micro, Small, and Medium Enterprises (MSME) sector has been remarkably high, at more than 30.6 percent on average between January and November 2022, thanks to the Union government's extended Emergency Credit Linked Guarantee Scheme (ECLGS).

India's GDP growth is expected to be between 6.0 and 6.8 percent in 2023-24, depending on global economic and political developments. Corporate balance sheets have improved due to deleveraging and decline in non-performing assets in the banking sector. While there are challenges such as the current account and fiscal deficits, India continues to demonstrate economic resilience by reducing external imbalances caused by global disruptions. It is the third largest economy in the world in PPP (Purchasing Power Parity) terms and the fifth largest in market exchange rates. In FY23, the Indian economy nearly "recovered" what it had lost, "renewed" what had paused, and "regained" momentum that had slowed during the pandemic and since the conflict in Europe.

### WATER AND WASTEWATER TREATMENT INDUSTRY STRUCTURE AND DEVELOPMENTS

### **GLOBAL INDUSTRY DEVELOPMENTS**

Demand for water and wastewater treatment is driven by the rapid industrialization and urbanisation of cities around the world along with the increasing need for clean water. Growing awareness of health risks, negative environmental impact, and incidence of serious diseases is likely to have a positive impact on the global market for residential as well as industrial water treatment equipment. Moreover, strict manufacturing standards for treated water are expected to promote further expansion of the residential water treatment equipment market. The growing demand for fresh water around the world, particularly in countries such as South Africa, Russia, India, China, and Brazil, is another factor driving demand for water treatment equipment.

According to the global strategic business report, the global water and wastewater treatment equipment market size was valued at US\$ 61.6 billion in 2022 and is expected to expand at a compound annual growth rate (CAGR) of 4.5% from 2023 to 2030 with an estimated growth US\$81.7 billion by 2030. The report by Business Research Insights projects the global market size for this industry valued at US\$47.350 billion in 2022 and US\$54.7 billion in 2023. It is estimated to reach US\$62.020 billion by 2028, growing at a CAGR of 4.6% during the forecast period 2022-2028.

In the United States, the market for water and wastewater treatment equipment is valued \$16.8 billion in 2022. In order to reach a projected market size of US\$16.6 billion by 2030, China, the second-largest economy in the world, is expected to grow at a 6.1% CAGR between 2022 and 2030. Japan and Canada are two other noteworthy geographic markets, with 1.9% and 2.9% growth rates expected between 2022 and 2030, respectively. Within Europe, Germany is predicted to expand at a CAGR of about 2.3%. By 2030, it is anticipated that the market in Asia-Pacific will reach US\$10.7 billion, led by nations like Australia, India, and South Korea.

## **Indian Industry Developments**

The Indian marketsize for water management stood at INR 216.03 Bn in 2022 and is anticipated to reach INR 518.15 Bn in 2027 expanding at a CAGR of 15.95% during 2023-2027. Municipal Segment is expected to dominate the market for treatment equipment in the coming years. India's growing demand for wastewater recycling and zero discharge system are opportunities for such companies which deal in manufacturing of water treatment equipment.

The National Mission for Clean Ganga, Jal Jeevan Mission, and Community Drinking Water Schemes are few of the numerous government initiatives that have contributed to the growth of the Indian water and wastewater treatment market. Sewage from cities is the biggest source of organic pollution in the Ganga. By building and maintaining sewage treatment plants and a network of drains, sewage water from houses in several of these cities now gets treated before reaching the river.

Water meters, water quality monitoring systems, IT systems for water management, tertiary treatment technology, and engineering, procurement, and construction firms all have opportunities as a result of this ambitious project. While the government has announced major budgetary contributions to promote the development of infrastructure for both rural and urban sanitation, there are areas that still require policy support to guarantee that the money is being used where it would have the greatest impact.

The Indian Water and Wastewater Treatement Technology Market

The Indian water and wastewater treatment (WWT) technology market is segmented by equipment type and end-user industry. Treatment equipment, process control equipment, and pumps make up the three equipment-type segments of the market. Oil/water separation, suspended solids removal, dissolved solids removal, biological treatment/nutrients, metals recovery, disinfection/oxidation, and other treatment equipment are the different categories of treatment equipment. Municipal, food and beverage, pulp and paper, oil and gas, healthcare, poultry and agriculture, chemical, and other end-user industries are among the market segments. The market size and forecast for each segment are based on revenue (in USD million) globally.

The industry for water treatment equipment is crucial in finding ways to purify and treat water and address the problem of the scarcity of freshwater on Earth. Water treatment plants are used to remove pollutants from drinking water, wastewater, groundwater, and seawater The sector includes a wide range of goods and services, such as chemical treatment options, filtration systems, and equipment for disinfection.

Treatment equipment such as Water control gates, Screening equipment, Knife gate valves & Bulk solids handling valves, Treatment process equipment, Water Intake equipment Renewable energy & pumping water hammer control valves & air vessels disc filters are used in a wide range of settings, including residential, commercial, and industrial ones. The private sector power, food and beverage, chemicals, pharmaceuticals, refineries, and textiles industries prefer advanced treatment

technological systems such as reverse osmosis membranes for treating their wastewater leading to significant growth in industry.

## Scope of water treatment industry

### Introduction

With technological advancements in production processes, the quantity of wastewater generated has multiplied sharply in the recent past. Effluents from companies processing chemicals, pesticides, rare metals, and other harmful chemicals and materials are hazardous to the environment and may cause catastrophic effects if not adequately treated before dumping in freshwater sources. Access to clean, fresh water is limited by both availability and water quality, threatening human health, food security and socioeconomic development. At least 40% of the world's population is affected by severe water scarcity every year.

Around 2 billion people worldwide do not have safe drinking water, 3.6 billion people do not have access to safe sanitation, and 2.3 billion people do not have basic handwashing facilities In many places, gaps in access to water supply and sanitation, growing populations, more water-intensive patterns of growth, increasing rainfall variability, and pollution are combining to make water one of the greatest obstacles to economic progress, poverty abolition, human well-being, and sustainable development. Population growth will make things worse because there will be an ongoing rise in water demand from people, agriculture, and industry. Moreover, it has also been identified as a serious societal challenge by global organizations such as the United Nations, the IPCC, and the World Health Organization.

## Global industry scope

The ongoing global efforts toward the improvement of sanitation standards in developing economies by improving the wastewater treatment infrastructure is expected to boost the demand for water and wastewater treatment equipment in municipal applications. With a revenue share of over 66.0% in 2022, the municipal application segment had the highest revenue share. Moreover, governments and local bodies are increasingly focusing on technologically advanced wastewater treatment systems ultimately escalating the market growth. Governments around the world have launched various initiatives to promote water treatment and conservation. Some of the most common government initiatives of water treatment include water pricing policies, quality regulation, re-use policies, Investments in water treatment infrastructure etc. As one of the largest consumers of water resources, the impact of these initiatives on industry may be significant.

Government promotion of expanding mining operations, particularly in South America, is anticipated to result in an increase in sewage and sludge formation. As a result, the demand for sludge treatment equipment in mining applications is anticipated to increase. Rural homes are expected to use public sewers more frequently, which will strain the capacity of the current centralised wastewater treatment facilities. Due to the potential need for new capacity development or capacity expansion, the market for wastewater secondary treatment equipment is expected to increase. The municipal authorities of various cities in India use wastewater technology primarily for municipal wastewater treatment.

## Indian industry scope

According to the World Bank, India will take the lead in the increase in urban population around the world by 2050, followed by China, Indonesia, Nigeria, and the United States. Additionally, the Indian government plans to provide its citizens access to safe and sufficient drinking water inside of properties by the years 2024 or 2025, which will expand the nation's municipal water treatment facilities.

Over the past few years, the urban sewage capacity in the country grown significantly. This growing capacity will likely drive the country's innovative water treatment technology demand. Hence, owing to the abovementioned factors, municipal water, and wastewater treatment technologies will likely dominate the market during the year 2023-2030.

Several players are establishing their manufacturing and distribution facilities all over the world as the water and wastewater treatment equipment industry experiences growth on a global scale. The market is characterised by intense competition as a result of numerous new players entering the market and ongoing exploration of new opportunities by the established players to develop better and more inventive equipment.

# **Opportunities**

Reaching the underserved in India's villages: Over the last decade, the World Bank has supported the government's efforts to bring clean drinking water to rural communities. A range of projects with a total financing of \$1.2 billion have benefitted over 20 million people. Villages in the mountain state of Uttarakhand, suffered from the lack of water supply as the steep Himalayan terrain made it difficult to build and maintain the required infrastructure. For many villagers, particularly women, obtaining fresh water for domestic use meant traveling distances of over 1.6 km.

**Reliable water supply to cities:** Continuous piping of water has always been a pipe dream in India's rapidly urbanizing cities. Most urban households only have access to water for a few hours per day, at most, and frequently only on certain days of the week. This particularly affects the poor, women and children, who spend time and money securing water for their daily needs.

**Growing demand for clean water:** There is a rising need for clean, safe drinking water as the population continues to grow. The development and supply of new technologies that can successfully treat and purify water opens a significant opportunity for businesses that manufacture water treatment equipment.

**River water management projects:** The World Bank has been supporting the Government of India's efforts to rejuvenate the rivers since 2011. two World Bank projects, worth \$1 billion, are helping set up the institutions needed to manage the river and build the infrastructure to keep it clean. As a result of the Jal Jeevan Mission, which was started by the Jal Shakti Ministry, 146 million households in 700,000 villages will have access to piped drinking water by 2024. The mission provided \$51 billion to the states in order to increase the coverage of household water connections from 18.33 percent in 2019 to 100% in 2024.

**Irrigation & Flood Managements projects for agriculture:** India has invested substantially in infrastructure necessary to usher irrigated agriculture to vast areas all over the country. Hence the demand for Rainwater treatment equipment has wider scope.

**Environmental regulations:** Governments worldwide are becoming increasingly concerned about environmental issues, including water pollution. As a result, there are several regulations in place that require industries to treat their wastewater before releasing it into the environment. This creates an opportunity for water treatment equipment manufacturers to provide solutions that comply with these regulations.

**Technological advancements:** Manufacturers of water treatment equipment can create more efficient and economical equipment as a result of technological advancements. Companies may benefit from this and increase their market share and competitiveness.

### Threats:

**Competition:** The water treatment equipment manufacturing industry is highly competitive, with many established players and new entrants. With 350 players, the global market for water and wastewater treatment equipment is extremely competitive. These players are globally diversified, regional, and country-specific, with each having a specific niche in the production of water and wastewater treatment equipment. 15% of competitors are large global players, while 50% of competitors are country-specific players. The key players in the global water treatment equipment market are adopting different key business strategies, such as product launch, agreement, acquisition, collaboration, joint venture, and merger to withstand global competition, which can lead to pricing pressure and reduced profitability.

**Economic conditions:** The key issues facing the players in the water and wastewater treatment industry in the short and medium term are noted as shifting end consumer preferences in a projected economic downturn scenario, changes to industrial policies to reflect growing environmental concerns, significant fluctuations in raw material costs caused by ongoing geo-political tensions and anticipated economic turbulences. This can lead to a decrease in revenue and profitability.

**Supply chain disruptions:** Water treatment equipment manufacturers rely on a complex supply chain that includes raw materials, components, and transportation. Any disruption in the supply chain, such as natural disasters, political instability, or a global pandemic, can impact the availability and cost of these resources.

**Environmental concerns:** While environmental regulations can provide opportunities for water treatment equipment manufacturers, they can also pose a threat if companies fail to comply with these regulations. Non-compliance can result in fines and damage to the company's reputation.

The demand for clean water and government regulations are driving significant growth opportunities in the water treatment sector. However, the sector also faces several difficulties, such as high capital expenditure, water scarcity, and competition, which call for careful consideration by businesses in the sector.

## SEGMENT-WISE OR PRODUCT-WISE PERFORMANCE

The business activities of the Group predominantly fall within a single primary business segment viz "Manufacturing and trading of varied engineering products for general engineering industry, water and waste water industry, power plant and bulk solids handling industry". There is no separate reportable business segment.

As part of secondary reporting for geographical segments, the Group operates in two principal geographical areas i.e. in India, its home country, and other countries. The following table presents revenue from operations, segment assets and capital expenditure regarding geographical segments: -

Particulars	Current year ended 31 March 2023	Previous year ended 31 March 2022
	(Audited)	(Audited)

### **Future & Forward Outlook**

As we look ahead, the demand for clean and safe water is only going to increase. Water treatment equipment manufacturers have a lucrative opportunity for growth with promising future. As concerns about water quality and scarcity increase, there will be an increase in the demand for innovative and efficient water treatment equipment, suggesting a sizeable market opportunity in both developed and developing countries.

Technological developments will be crucial to the development of the water treatment industry in the coming years, with emphasis on the development of new, improved water treatment technologies that are more efficient and environmentally friendly. Companies will have a competitive advantage in the marketplace if they can keep up with these technological developments and incorporate them into their products. Another important trend that will shape the water treatment industry is the growing awareness on the importance of water conservation. As a result, companies that manufacture water treatment equipment must focus on both providing clean water and reducing water waste. This can be achieved by building smart water treatment systems that can monitor and control water consumption.

Decentralised water treatment systems that can be installed in remote locations without access to a centralised water treatment facility will also be in higher demand. This presents an opportunity for companies that manufacture portable and scalable water treatment equipment.

Jash Engineering Limited manufactures a wide range of customized equipment for Water & Sea Water Intake Systems, Water and Wastewater Pumping Stations and Treatment Plants, Desalination plants, Storm Water Pumping Stations, Water Transmission Lines, Hydropower generation and for Power, Steel, Cement, Paper & Pulp, Petrochemicals, Chemical, Fertilizers and other process plants. We as market leaders have a vision to lead the industry and command respect for ourselves and our stakeholders through growth, innovation, and customer focus with an aim to:

- > Be the market leader in India throughout our product range
- > Be amongst the top three companies globally, in the Water Control Gates business by 2025
- Reach Rs. 500 Cr in net revenue by 2024-25 through expansion and acquisition(s)

Company will sustain strong growth rate and is likely to achieve revenue target given the

- Specialized skillset and product set of Jash
- > Government bodies (in India as well in key market like US) spending on water infrastructure, and
- > Environmental regulations and ESG norms for process industries due to which margins are likely to be volatile with some upward improvement.

The future is promising for businesses that produce water treatment technology and companies that can keep up with these trends and create cutting-edge, effective products will be well-positioned to succeed in the years to come.

## RISKS AND CONCERNS, INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has developed and implemented a risk management policy with a forward-looking approach that allows it to maintain a medium-low risk profile, through a risk appetite as may be defined by board of directors and the identification and assessment of all risks. # Form No. MR-3 <u>SECRETARIAL AUDIT REPORT</u> FOR THE FINANCIAL YEAR ENDED 31<sup>ST</sup> MARCH, 2023

[Pursuant to section 204(1) of the Companies Act, 2013 and rule No.9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014 and Regulation 24A(1) of the SEBI (LODR) Regulations, 2015]

To, The Members, Jash Engineering Limited L28910MP1973PLC001226 31, Sector-C, Sanwer Road, Industrial Area, Indore (M.P.)-452001

I have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Jash Engineering Limited (CIN: L28910MP1973PLC001226)** (hereinafter called "The Company"). The Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has, during the audit period covering the Financial Year ended on 31st March, 2023 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31<sup>st</sup> March, 2023 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings [Applicable only to the extent of Foreign Direct Investment and Overseas Direct Investment];
- (v) (i) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):—
  - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations 2011:
  - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;

  - (d) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client.
  - (e) The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 and the Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021.
  - (ii) Provisions of the following regulations and guidelines prescribed under the Securities and Exchange Board of India Act, 1992 (SEBI Act) were not applicable to the company during the Financial Year under report:
    - (a) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008 and the Securities and Exchange Board of India (Issue and Listing Of Non-Convertible Securities) Regulations, 2021;
    - (b) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009 and The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021; and
    - (c) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018.

I have relied on the representation made by the Company and its Officers for systems and mechanism formed by the Company for compliances under other applicable Acts, Laws and Regulations to the Company. The list of major head/ groups of Acts, Laws and Regulations as applicable to the Company is given in **Annexure I**.

I have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards with regard to Meeting of Board of Directors (SS-1) and General Meetings (SS-2) issued by ICSI under the provisions of the Companies Act, 2013;
- (ii) SEBI (LODR) Regulations, 2015 and the Listing Agreements entered into by the Company with National Stock Exchange of India Limited;

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above subject to the observations, that:

1. Pursuant to section 135 of the Companies Act 2013 read with applicable rules & also read with notification issued by MCA dated 22nd January 2021, the Company was required to spend CSR Contribution of Rs. 58.79 lacs during the financial year 2022-23, however the Company has spent Rs. 54.80 lacs before 31st March 2023 on eligible activities. Further as per explanation received from management the balance unspent amount of Rs. 3.99 lacs will be transferred to a fund specified in Schedule VII, within a period of six months from the end of the financial year i.e. 30th September 2023.

I further report that the Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors, Independent Directors and a Woman Director. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

All decisions at Board Meetings and Committee Meetings are carried out unanimously as recorded in the minutes of the meetings of the Board of Directors or Committee of the Board, as the case may be.

I further report that there are adequate systems and processes in the Company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

I further report that the compliance by the Company for the applicable Financial Laws like Direct Taxes, Indirect Taxes and the compliance of the Accounting Standards, quarterly financial results under Regulation 33 of SEBI (LODR) Regulations, 2015 and the annual financial statements, Cost Records have not been reviewed in this audit report, since the same have been subject to the statutory financial audit/cost audit by other designated professionals. #### INDEPENDENT AUDITOR'S REPORT

#### To The Members of Jash Engineering Limited

#### Report on the Audit of the Standalone Financial Statements

#### Opinion

We have audited the accompanying standalone financial statements of Jash Engineering Limited ("the Company"), which comprise the Balance Sheet as at 31<sup>st</sup> March 2023, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2023, and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

#### **Basis for Opinion**

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

#### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor's Response
1	Inventory Valuation  At the balance sheet date 31 March 2023, the Company held inventories comprising of raw materials amounting to INR 4300.21 lakhs, work-in-progress amounting to INR 3026.91 lakhs, finished goods and stores amounting to INR 1857.60 lakhs, spares and other consumables amounting to 129.81 lakhs i.e., total Inventories amounting to INR 9,314.53 lakhs as included in Note 13 of the accompanying standalone financial statements.	To assess valuation of Inventory, our procedures included, but are not limited to the following:  a) Obtained an understanding of the management's process of valuation of inventory.  b) Evaluated the design and tested the operating effectiveness of key controls around valuation including around estimates, stage of completion, complex overhead computations and determination of net realizable value of inventory items.

Whilst the inventory valuation has been automated through SAP, the allocation of various production and administration related overheads on the Finished goods and workin-progress inventory is carried out manually using Excel. Further, the identification of overhead allocation activities for computation of machine/labour hour rates are complex. Owing to the nature of the business, which involves manufacture of engineering products specific to the needs of the customers, the valuation of inventory and cost of production for each product being manufactured is critical.

Further, at the end of each reporting period, the management of the Company also assesses whether there is any objective evidence that net realizable value of any item of inventory is below the carrying value. If so, such inventories are written down to their net realizable value in accordance with Ind AS 2. Inventory. Such specific identification performed by management to ascertain slow moving and obsolete inventories, assessment of net realizable value of such slow moving and obsolete inventory items require significant judgement and estimation. Considering the complexities and materiality amounts involved, this matter considered as a key audit matter.

- Evaluated the appropriateness of the Company's accounting policy and method of valuation for inventory in accordance with the accounting standards.
- d) Discussed with management the rationale supporting the assumptions and estimates used in carrying out the inventory valuation and corroborated the same to our understanding of the business. Testing the computation of various overhead absorption rates by tracing the underlying data to audited historical operational results of the Company.
- e) On a sample basis, recomputed the cost of the inventory by applying management's valuation model, which included inspection of approved bills of material (BOM), testing underlying cost of acquisition of raw materials consumed and testing overheads and labour cost allocation to such inventory items.
- f) Obtained understanding of management process for identification of slow moving, nonmoving or obsolete inventories and ensured that the same is consistently applied.
- g) Performed an independent analysis of the ageing of inventory line items leading to specific inquiries with the management to ensure the completeness of the inventory identified as slow moving, nonmoving and obsolete.
- h) For slow and non-moving inventories as on 31 March 2023 identified by the management, recomputing the allowance created by the management using management's policy which has been consistently applied.
- Tested the net realizable value of Finished goods inventory on a sample basis to recent selling prices less costs to sell (to the agreed contract value), to identify allowance required for finished goods.
- j) Evaluated the disclosures made in the standalone financial statements in accordance with the applicable accounting standards.

## 2 Investment in Subsidiary

The Company has investments in one of subsidiaries - Jash USA Inc, located at United States aggregating to INR 5305.01 lakhs (as at March 31, 2023), as stated in Note 8 to the standalone financial statements which is measured at cost. The Company assesses the recoverable amount of the investments when indicators exist for decline in value of the investments, other than temporary, by comparing the fair value (less costs of disposal) and carrying amount of the investments as on the reporting date, as disclosed in Note 8 to the standalone financial statements. The Company also has outstanding long-term loans and trade receivable recoverable from Jash USA amounting to INR 642.99 lakhs and INR 4,950.37 lakhs respectively. Further the loan along with interest which are outstanding remains unpaid as on year end. Due to the above matters, the Company's management has tested these investments for impairment in accordance with Ind AS 36.

For this purpose, valuation was carried out by an independent valuation specialist in his capacity as a management's expert using flow ('DCF') discounted cash method. Management's assessment of the valuation of investments requires estimation and judgement around assumptions used. The key assumptions underpinning management's assessment of the fair valuation include, but are not limited to, projections of future cash flows, growth rates. discount rates, estimated future operating and capital expenditure.

Accordingly, considering the materiality of the carrying amounts, recoverability assessment of aforesaid investments, has been considered to be a key audit matter for current year's audit. To assess valuation of Investment and loans/receivables, our procedures included, but are not limited to the following:

- a) Obtained an understanding of management's processes and controls used by management to prepare its cash flow projections and valuations assumptions applied in determining the fair valuation of investments of Jash USA Inc.
- b) Evaluated the design and tested the operating effectiveness of key controls implemented by the management around fair valuation of investments including cash flow projections, use of estimates and review of valuation performed.
- c) Evaluated the Company's independent valuation specialist's professional competence, expertise and objectivity.
- d) Tested the accuracy of the input data provided by the management to the valuation specialist by reconciling the projected cash flows to approved business plans of the subsidiary company.
- e) Tested the reasonableness of the key assumptions used in the cash flow projections and fair valuation, such as growth rates, sensitivity analysis, discount rate considering our understanding of the business, industry, and relevant market factors.
- f) Involved our internal specialists to evaluate reasonableness of the assumptions of projected economic growth and discount rate.
- g) Evaluated the appropriateness of disclosures made in the standalone financial statements in relation to such investments as required by applicable accounting standards.
- h) Evaluated the Company's Trade receivable ageing mainly with respect to open invoices of Jash USA Inc as on year end. Further verified its collection subsequent to year end.
- Obtained understanding of the Company's future plans with respect to repayment of loan and accumulated interest and compared the same with Company's future projections.

#### Information Other than the Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the standalone financial statements and our auditor's report thereon. The Annual report is expected to be made available to us after the date of this auditor's report.
- Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in
  doing so, consider whether the other information is materially inconsistent with the standalone financial statements, or our
  knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- When we read the above mentioned reports, if we conclude that there is a material misstatement therein, we are required
  to communicate the matter to those charged with governance as required under SA 720 'The Auditor's responsibilities
  Relating to Other Information'

#### Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Company's Board of Directors are also responsible for overseeing the Company's financial reporting process.

#### Auditor's Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or
  error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and
  appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is
  higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations,
  or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(I) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit
  evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on
  the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to
  draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such
  disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the
  date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going
  concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### Report on Other Legal and Regulatory Requirements

#### ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph (i)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls with reference to standalone financial statements under Clause (i) of Subsection 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to standalone financial statements of Jash Engineering Limited (the Company) as of March 31, 2023 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

#### Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls with reference to standalone financial statements based on the internal control with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

## **Auditor's Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the Guidance Note) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to standalone financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to standalone financial statements.

#### Meaning of Internal Financial Controls with reference to standalone financial statements

A company's internal financial control with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

#### Inherent Limitations of Internal Financial Controls with reference to standalone financial statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

In our opinion, to the best of our information and according to the explanations given to us the Company has, in all material respects, adequate internal financial controls with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at March 31, 2023, based on the criteria for internal financial control with reference to standalone financial statements established by the respective Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

#### ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date of Jash Engineering Limited on the financial statements of the Company for the year ended 31st March 2023)

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

- (I) (a) A. The Company has maintained proper records showing full particulars, including quantitative details and situation of the property, plant and equipment (including capital -in- work in progress and right -of-use assets).
  - B. The Company has maintained proper records showing full particulars of intangible assets.
  - (b) The Property, Plant and Equipment, (including right-of-use assets) were physically verified during the year by the Management which, in our opinion, provides for physical verification at reasonable intervals. No material discrepancies were noticed on such verification.
  - (c) Based on examination of the title deeds provided to us, we report that the title deeds of all the immoveable properties held by the Company (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) disclosed in financial statements are held in the name of the Company. For title deeds of immoveable properties in the nature of freehold land situated at Village: Bardari, Tehsil: Sanwer, District: Indore with the gross carrying value of Rs. 330.71 lakhs as at 31<sup>st</sup> March, 2023, which have been pledged as security for loans or borrowings taken by the Company have been verified from the confirmations directly received by us from lenders and in the nature of Buildings are verified from the property tax receipts as on the year end.
  - (d) The Company has not revalued any of its Property, plant and equipment (including right -of-use assets) or intangible assets during the year.
  - (e) No proceedings have been initiated during the year or are pending against the Company as at 31<sup>st</sup> March 2023 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- (ii) (a) The inventories (except for stocks held with third parties), were physically verified during the year by the Management at reasonable intervals. In our opinion and based on information and explanations given to us, the coverage and procedure of such verification by the Management is appropriate having regard to the size of the Company and the nature of its operations. For stocks held with third parties at the year-end, written confirmations have been obtained. No discrepancies of 10% or more in the aggregate for each class of inventories were noticed on such physical verification of inventories.
  - (b) According to the information and explanations given to us, the Company has been sanctioned working capital limits in excess of Rs. 5 crores, in aggregate, during the year, from banks or financial institutions on basis of security of current assets. In our opinion and according to the information and explanations given to us, the quarterly returns and statements (stock statements, book debt statements, credit monitoring reports, statements on ageing analysis of debtors) filed by the Company with such banks or financial institutions are in agreement with unaudited books of account of the company of respective quarters, except for the following: -

- (viii) There were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 (43 of 1961) during the year.
- (ix) (a) In our opinion, the Company has not defaulted in the repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.
  - (b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.
  - (c) To the best of our knowledge and belief, in our opinion, term loans availed by the Company were, applied by the Company during the year for the purposes for which the loans were obtained.
  - (d) On an overall examination of the financial statements of the Company, the funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company.
  - (e) On an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries.
  - (f) The Company had raised loans in the earlier years on the pledge of securities held in its subsidiary and has not defaulted in the repayment of such loans raised.
- (x) (a) The Company has not issued any of its securities (including debt instruments) during the year and hence reporting under clause (x)(a) of the Order is not applicable.
  - (b) During the year the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause (x)(b) of the Order is not applicable to the Company.
- (xi) (a) To the best of our knowledge, no fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
  - (b) To the best of our knowledge, no report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.
  - (c) As represented to us by the Management, there were no whistle blower complaints received by the Company during the year.

- (xii) The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.
- (xiii) In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements etc. as required by the applicable accounting standards.
- (xiv) (a) In our opinion the company has an adequate internal audit system commensurate with the size and the nature of the business.
  - (b) We have considered, the internal audit reports issued to the company during the year and covering the period April 2022 to March 2023.
- (xv) In our opinion during the year the Company has not entered into any non-cash transactions with any of its directors or directors of it's holding company, subsidiary company or persons connected with such directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- (xvi) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence reporting under clause (xvi)(a), (b) and (c) of the Order is not applicable.
  - As represented by the management, the Group does not have any Core Investment Company (CIC) as part of the group as per the definition of group contained in the Core Investments Companies (Reserve Bank) Directions, 2016 and hence the reporting under the clause (xvi)(d) of the order is not applicable.
- (xvii) The Company has not incurred any cash losses in the current as well as the immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors of the Company during the year.
- (xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- (xx) In respect of other than ongoing projects, the Company has not transferred the unspent Corporate Social Responsibility (CSR) amount as at the Balance Sheet date out of the amounts that was required to be spent during the year, to a Fund specified in Schedule VII to the Companies Act, 2013 till the date of our report. However, the time period for such transfer i.e., six months from the expiry of the financial year as permitted under the second proviso to section 135(5) of the Act, has not elapsed till the date of our report.
  - In respect of unspent amount at the end of previous year, the Company has transferred the unspent amount in respect of other than ongoing projects to a Fund specified in Schedule VII to the Act as required under second provisio to subsection (5) of 135 of the said Act within six months from the end of the previous financial year.
- (xxi) The reporting under clause 3(xxi) of the Order is not applicable in respect of audit of standalone financial statements of the company. Accordingly, no comment has been included in respect of said clause under this report.

The registered office of the Company is situated at 31, Sector-C, Sanwer Road, Industrial Area, Indore - 452015, Madhya Pradesh.

The Company is engaged in the business of manufacturing and trading of varied engineering products for general engineering industry, water and wastewater industry and bulk solids handling industry.

### 2. General information and statement of compliance with Ind AS

These standalone financial statements of the Company have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by the Ministry of Corporate Affairs ('MCA') under section 133 of the Companies Act, 2013 ('Act') read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, other relevant provisions of the Act and guidelines issued by the Securities and Exchange Board of India (SEBI). The Company has uniformly applied the accounting policies for the periods presented.

These standalone financial statements are separate financial statements of the Company. The Company has also prepared consolidated financial statements for the year ended 31 March 2023 in accordance with Ind AS 110 and the same were also approved for issue by the Board of Directors on 23 May 2023.

### **Basis of preparation**

The standalone financial statements have been prepared on accrual and going concern basis. All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria as set out in the Division II of Schedule III to the Companies Act, 2013. Based on the nature of products and the time between acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities.

The standalone financial statements have been prepared under historical cost convention basis except-

- Certain financial assets which are measured at fair value;
- Defined benefit plans plan assets measured at fair value
- Share based payments which are measured at fair value of the options

### **Functional and presentation currency**

The standalone financial statements have been prepared and presented in Indian Rupees (INR), which is the Company's functional and presentation currency.

### 3. Summary of significant accounting policies

The standalone financial statements have been prepared using the significant accounting policies and measurement bases summarised below. These policies have been consistently applied to all the years presented, unless otherwise stated.

### 3.1 Property, plant and equipment

Recognition and initial measurement

Property, plant and equipment are stated at cost, less accumulated depreciation and amortisation. The cost comprises purchase price and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company. All other repair and maintenance costs are recognised in statement of profit and loss as incurred.

Subsequent measurement (depreciation and useful lives)

Depreciation on property, plant and equipment is provided on a straight-line basis, computed on the basis of useful lives (as set out below) prescribed in Schedule II to the Act.

Summary of significant accounting policies and other explanatory information for the year ended 31 March 2023

Asset class	Useful life (years)
Plant & Machinery	15
Buildings (RCC structures )	60
Factory building	30
Computers	3
Electrical installations	10
Furniture and fixtures	10
Office equipment	5
Vehicles	8-10

### De-recognition

An item of property, plant and equipment and any significant component initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset/significant component (calculated as the difference between the net disposal proceeds and the carrying amount of the asset/significant component) is recognised in statement of profit and loss, when the asset is derecognised.

### 3.2 Capital work-in-progress

Capital work-in-progress are carried at cost, comprising direct cost and related incidental expenses acquire property, plant and equipment. Assets which are not ready to be intended use are also shown under capital work-in-progress.

### 3.3 Intangible assets

Recognition and initial measurement

Intangible assets are stated at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use.

### Subsequent measurement

Intangible assets consisting of technical know-how and computer software. These are amortised on a straight-line basis over the estimated useful lives from the date when the assets are available for use. The estimated useful life (amortisation period) of the intangible assets is arrived basis the expected pattern of consumption of economic benefits and is reviewed at the end of each financial year and the amortisation period is revised to reflect the changed pattern, if any.

Asset class	Useful life (years)
Technical know how	10-15
Computer software	3 to 6

### 3.4 Intangible assets under development

Intangible assets under development represents expenditure incurred in respect of intangible assets under development and are carried at cost. Cost includes development cost, borrowing costs and other direct expenditure necessary to create, produce and prepare the asset to be capable of operating in the manner intended by management. These are recognised as assets when the Company can demonstrate following recognition requirements:

- The development costs can be measured reliably
- The project is technically and commercially feasible
- The Company intends to and has sufficient resources to complete the project
- The Company has the ability to use or sell such intangible asset
- The software will generate probable future economic benefits.

Amortisation of the asset begins when development is complete and the asset is available for use.

### 3.5 Revenue recognition

The Company generates revenue from sale of varied engineering products for general engineering industry, water and waste, water industry, bulk solids handling industry and also from rendering installation services along with the sale of goods, if specified in the contract with customers.

### Summary of significant accounting policies and other explanatory information for the year ended 31 March 2023

To determine whether to recognise revenue, the Company follows a 5-step process in accordance with Ind AS 115 -Revenue from contracts with customers:

- 1. Identifying the contract with a customer
- 2. Identifying the performance obligations
- 3. Determining the transaction price
- 4. Allocating the transaction price to the performance obligations
- 5. Recognising revenue when/as performance obligation(s) are satisfied.

Revenue is measured at fair value of consideration received or receivable, after deduction of any trade discounts, volume rebates and any taxes or duties collected on behalf of the government which are levied on sales such as goods and services tax (GST). In case of multi-element revenue arrangements, which involve delivery or performance of multiple products, services, evaluation will be done of all deliverables in an arrangement to determine whether they represent separate units of accounting at the inception of arrangement. Total arrangement consideration related to the bundled contract is allocated among the different elements based on their relative fair values (i.e., ratio of the fair value of each element to the aggregated fair value of the bundled deliverables). In case the relative fair value of different components cannot be determined on a reasonable basis, the total consideration is allocated to the different components based on residual value method.

The Company determines when it has satisfied its performance obligation to transfer a product by evaluating when a customer obtains control of that product. For some contracts, control is transferred either when the product is delivered to the customer's site or when the product is shipped, depending on the terms of the contract (including delivery and shipping terms). However, for some contracts, a customer may obtain control of a product even though that product remains in the Company's physical possession. In that case, the customer has the ability to direct the use of, and obtain substantially all of the remaining benefits from, the product even though it has decided not to exercise its right to take physical possession of that product. Consequently, the entity does not control the product. Instead, the entity provides custodial services to the customer over the customer's asset.

Revenue is recognised at a point in time, when (or as) the Company satisfies performance obligations by transferring the promised goods or services to its customers.

The Company recognises contract liabilities for consideration received in respect of unsatisfied performance obligations and reports these amounts as other liabilities in the statement of financial position. Similarly, if the Company satisfies a performance obligation before it receives the consideration, the Company recognises either a contract asset or a receivable in its statement of financial position, depending on whether something other than the passage of time is required before the consideration is due.

### Sale of goods

Revenue from sale of goods is recognised when the control of goods is transferred to the buyer as per the terms of the contract, in an amount that reflects the consideration the Company expects to be entitled to in exchange for those goods. Control of goods refers to the ability to direct the use of and obtain substantially all of the remaining benefits from goods.

### Sale of services

Revenue from sale of services in respect of installation services is recognised when the performance obligation is completed.

### **Export benefits**

Income from export incentives are recognised on accrual basis.

### **Interest income**

Interest income is recognised on time proportion basis considering the amount outstanding and rate applicable. For all financial assets measured at amortised cost, interest income is recorded using the effective interest rate (EIR) i.e. the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the net carrying amount of the financial assets.

### Dividend income

Dividend income is recognised at the time when right to receive the payment is established.

### 3.6 Leases

The Company assesses at contract inception whether a contract is, or contains, a lease in accordance with Ind AS 116 - Leases. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Summary of significant accounting policies and other explanatory information for the year ended 31 March 2023

### Company as a lessee

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

### a) Right-of-use assets ('ROU assets')

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

### b) Lease liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments or a change in the assessment of an option to purchase the underlying asset.

### c) Short-term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

### Company as a lessor

Leases for which the Company is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

For operating leases, rental income is recognized on a straight-line basis over the term of the relevant lease.

### 3.7 Inventories

Inventories are valued at the lower of cost and net realisable value.

Costs incurred in bringing each product to its present location and condition are accounted for as follows:

- Raw materials: cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on weighted average basis.
- Finished goods and work in progress: cost includes cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

### 3.8 Government grants

Government grants are recognised where there is reasonable assurance that the grant will be received, and all attached conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis

### Summary of significant accounting policies and other explanatory information for the year ended 31 March 2023

over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is recognised as income in equal amounts over the expected useful life of the related asset.

When the Company receives grants of non-monetary assets, the asset and the grant are recorded at fair value amounts and released to profit or loss over the expected useful life in a pattern of consumption of the benefit of the underlying asset i.e. by equal annual instalments.

When loans or similar assistance are provided by governments or related institutions, with an interest rate below the current applicable market rate, the effect of this favourable interest is regarded as a government grant. The loan or assistance is initially recognised and measured at fair value and the government grant is measured as the difference between the initial carrying value of the loan and the proceeds received. The loan is subsequently measured as per the accounting policy applicable to financial liabilities.

### 3.9 Impairment of non-financial assets

For impairment assessment purposes, assets are grouped at the lowest levels for which there are largely independent cash inflows (cash generating units). As a result, some assets are tested individually for impairment and some are tested at cash-generating unit level.

At each reporting date, the Company assesses whether there is any indication based on internal/external factors, that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount and the reduction is treated as an impairment loss and is recognised in the statement of profit and loss. If, at the reporting date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed which is the higher of fair value less costs of disposal and value-in-use and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost. Impairment losses previously recognised are accordingly reversed in the statement of profit and loss.

To determine value-in-use, management estimates expected future cash flows from each cash-generating unit and determines a suitable discount rate in order to calculate the present value of those cash flows. The data used for impairment testing procedures are directly linked to the Company's latest approved budget, adjusted as necessary to exclude the effects of future re-organisations and asset enhancements. Discount factors are determined individually for each cash-generating unit and reflect current market assessment of the time value of money and asset-specific risk factors.

### 3.10 Foreign currency

### Initial recognition of Transactions

Foreign currency transactions are recorded in the functional currency, by applying to the exchange rate applicable as at the date of the transaction.

### Subsequent recognition of balances

Foreign currency non-monetary items (item balances) which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction. Monetary items denominated in foreign currency are restated at the exchange rate prevailing on the balance sheet date.

### Exchange differences

Exchange differences arising on the settlement/restatement of monetary items at the exchange rates different from those at which they were initially recorded during the year or reported in the previous standalone financial statements, are recognised as income or expense in the year in which they arise.

### 3.11 Financial instruments

### Recognition and initial measurement

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the financial instrument and are measured initially at fair value adjusted for transaction costs. Subsequent measurement of financial assets and financial liabilities is described below.

Summary of significant accounting policies and other explanatory information for the year ended 31 March 2023

### Non-derivative financial assets

### Subsequent measurement

Financial assets carried at amortised cost – A 'financial asset' is measured at the amortised cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method.

### De-recognition of financial assets

A financial asset is de-recognised when the contractual rights to receive cash flows from the asset have expired or the Company has transferred its rights to receive cash flows from the asset.

### Non-derivative financial liabilities

### Subsequent measurement

Subsequent to initial recognition, all non-derivative financial liabilities are measured at amortised cost using the effective interest method.

### De-recognition of financial liabilities

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

### **Derivative financial instruments**

Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently remeasured to their fair value at the end of each reporting period.

### Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

### 3.12 Equity investment in subsidiaries

Investments representing equity interest in subsidiaries are measured for at cost less impairment in accordance with Ind AS 27 Separate Financial Statements. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of these investments, the difference between net disposal proceeds and the carrying amounts are recognised in the statement of profit and loss.

### 3.13 Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss ('ECL') model for measurement and recognition of impairment loss for financial assets. ECL is provided for when there has been a significant increase in credit risk and then, factors historical trends and forward looking information. An impairment loss is recognised either based on the 12 months' probability of default or lifetime probability of default.

### Trade receivables

In respect of trade receivables, the Company applies the simplified approach of Ind AS 109, which requires measurement of loss allowance at an amount equal to lifetime expected credit losses. Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of such receivables.

### Summary of significant accounting policies and other explanatory information for the year ended 31 March 2023

### Other financial assets

In respect of its other financial assets, the Company assesses if the credit risk on those financial assets has increased significantly since initial recognition. If the credit risk has not increased significantly since initial recognition, the Company measures the loss allowance at an amount equal to 12-month expected credit losses, else at an amount equal to the lifetime expected credit losses.

### 3.14 Income taxes

Tax expense recognised in profit or loss comprises the sum of deferred tax and current tax not recognised in other comprehensive income or directly in equity.

Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961. Current tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity.

Deferred tax liabilities are generally recognised in full for all taxable temporary differences. Deferred tax assets are recognised to the extent that it is probable that the underlying tax loss, unused tax credits (Minimum alternate tax credit entitlement) or deductible temporary difference will be utilised against future taxable income. This is assessed based on the Company's forecast of future operating results, adjusted for significant non-taxable income and expenses and specific limits on the use of any unused tax loss or credit. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity.

Minimum Alternative Tax ('MAT') credit entitlement under the provisions of the Indian Income-tax Act, 1961 is recognised as a deferred tax asset when it is probable that future economic benefit associated with it in the form of adjustment of future income tax liability, will flow to the Company and the asset can be measured reliably. MAT credit entitlement is set off to the extent allowed in the year in which the Company becomes liable to pay income taxes at the enacted tax rates. MAT credit entitlement is reviewed at each reporting date and is recognised to the extent that is probable that future taxable profits will be available against which they can be used. MAT credit entitlement has been presented as deferred tax asset in Balance Sheet. Significant management judgment is required to determine the probability of recognition of MAT credit entitlement.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and liability on a net basis. Deferred tax assets and deferred tax liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities; and the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority.

### 3.15 Dividend

The Company recognises a liability to pay dividend to equity holders of the parent when the distribution is authorized and the distribution is no longer at the discretion of the Company. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

### 3.16 Employee benefits

Short-term employee benefits

All employee benefits payable wholly within twelve months of receiving employee services are classified as short-term employee benefits. These benefits include salaries and wages, bonus and ex-gratia. The undiscounted amount of short-term employee benefits to be paid in exchange for employee services is recognised as an expense as the related service is rendered by employees.

### Defined contribution plan

Provident fund benefit is a defined contribution plan under which the Company pays fixed contributions to Regional Provident Fund Commissioner in accordance with Employees Provident Fund and Miscellaneous Provision Act, 1952. The Company has no legal or constructive obligations to pay further contributions after payment of the fixed contribution. The contributions recognised in respect of defined contribution plans are expensed as they accrue. Liabilities and assets may be recognised if underpayment or prepayment has occurred and are included in non-current/current liabilities or non-current/current assets, respectively.

### Summary of significant accounting policies and other explanatory information for the year ended 31 March 2023

### Defined benefit plan

The Company provides for gratuity, a defined benefit retirement plan, which defines an amount of benefit that an employee will receive on separation from the Company, usually dependent on one or more factors such as age, years of service and remuneration. The plan provides for a lump sum payment to vested employees at retirement, death while in employment or on termination of employment of an amount based on the respective employee's salary and the tenure of employment. Vesting occurs upon completion of five years of service. The liability recognised in the balance sheet for defined benefit plans is the present value of the defined benefit obligation ('DBO') at the balance sheet date, together with adjustments for unrecognised actuarial gains or losses and past service costs. The discount rates used for determining the present value of obligation under defined benefit plans, is based on the market yields on Government securities as at the Balance Sheet date, having maturity periods approximating to the terms of related obligations. The present value of DBO is calculated annually by an independent actuary using the projected unit credit method. Actuarial gains/losses resulting from re-measurements of the liability due to change in actuarial assumptions are included in other comprehensive income.

### Other long-term employee benefits

The Liability in respect of compensated absences becoming due or expected to be availed within one year from the balance sheet date is recognised on the basis of undiscounted value of estimated amount required to be paid or estimated value of benefit expected to be availed by the employees. Liability in respect of compensated absences becoming due or expected to be availed more than one year after time balance sheet date is estimated on the basis of an actuarial valuation performed by an independent actuary using the projected unit credit method, actuarial gains and losses arising from past experience and changes in actuarial assumptions are credited or charged to the Statement of Profit and loss in the year in which such gains or losses are determined.

### 3.17 Provisions, contingent liabilities and contingent assets

Provisions are recognised only when there is a present obligation, as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and when a reliable estimate of the amount of obligation can be made at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates. If the effect of the time value of money is material, provisions are discounted to reflect its present value using a current pre-tax rate that reflects the current market assessments of the time value of money and the risks specific to the obligation. When provisions are discounted, the increase in the provision due to the passage of time is recognised as a finance cost.

### Warranty provision:

Provisions for warranty-related costs are recognised when the service provided. Provision is based on historical experience. The estimate of such warranty-related costs is revised annually.

Contingent liability is disclosed for:

- Possible obligations which will be confirmed only by future events not wholly within the control of the Company or
- Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

Contingent assets are not recognised. However, when inflow of economic benefits is probable, related asset is disclosed.

### 3.18 Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events including a bonus issue.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

### 3.19 Share based payments

The Company has equity-settled share-based remuneration plans for its employees. None of the Company's plans are cash-settled.

### Summary of significant accounting policies and other explanatory information for the year ended 31 March 2023

Where employees are rewarded using share-based payments, the fair value of employees' services is determined indirectly by reference to the fair value of the equity instruments granted. This fair value is appraised at the grant date and excludes the impact of non-market vesting conditions (for example profitability and sales growth targets and performance conditions).

All share-based remuneration is ultimately recognised as an expense in profit or loss with a corresponding credit to equity. If vesting periods or other vesting conditions apply, the expense is allocated over the vesting period, based on the best available estimate of the number of share options expected to vest.

Upon exercise of share options, the proceeds received, net of any directly attributable transaction costs, are allocated to share capital up to the nominal (or par) value of the shares issued with any excess being recorded as share premium.

The ESOP trust has been treated as an extension of the Company and accordingly shares held by ESOP Trust are netted off from the total share capital. Consequently, all the assets, liabilities, income and expenses of the trust are accounted for as assets and liabilities of the Company.

### 3.20 Cash and cash equivalent

Cash and cash equivalents comprises of cash at banks and on hand, cheques on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

### 3.21 Segment reporting

The Company's business activity primarily falls within a single segment which is manufacturing and trading of varied engineering products for general engineering industry, water and wastewater industry and bulk solids handling industry. The geographical segments considered are "within India" and "outside India" and are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker ("CODM") of the Company who monitors the operating results of its business units not separately for the purpose of making decisions about resource allocation and performance assessment. The CODM is considered to be the Board of Directors who make strategic decisions and is responsible for allocating resources and assessing the financial performance of the operating segments. The analysis of geographical segments is based on geographical location of the customers.

### 3.22 Borrowing cost

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

Other borrowing costs are expensed in the period in which they are incurred. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

### 3.23 Recent accounting pronouncement

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Rules, 2015 by issuing the Companies (Indian Accounting Standards) Amendment Rules, 2023, applicable from April 1, 2023, as below:

### Ind AS 1 - Presentation of Financial Statements:

The amendments require companies to disclose their material accounting policies rather than their significant accounting policies. Accounting policy information, together with other information, is material when it can reasonably be expected to influence decisions of primary users of general purpose financial statements. The Company does not expect this amendment to have any significant impact in its financial statements.

### Ind AS 12 - Income Taxes

The amendments clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of Ind AS 12

### Summary of significant accounting policies and other explanatory information for the year ended 31 March 2023

(recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Company is evaluating the impact, if any, in its financial statements.

### Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors

The amendments will help entities to distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty". Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The Company does not expect this amendment to have any significant impact in its financial statements.

### 4. Significant management judgement in applying accounting policies and estimation uncertainty

The preparation of the Company's standalone financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the related disclosures.

Significant management judgements

- a) Recognition of deferred tax assets The extent to which deferred tax assets can be recognized is based on an assessment of the probability of the Company's future taxable income against which the deferred tax assets can be utilized.
- b) Evaluation of indicators for impairment of assets The evaluation of applicability of indicators of impairment of assets requires assessment of several external and internal factors which could result in deterioration of recoverable amount of the assets.
- c) Contingent liabilities—At each balance sheet date basis the management judgment, changes in facts and legal aspects, the Company assesses the requirement of provisions against the outstanding contingent liabilities. However, the actual future outcome may be different from this judgement.
- **d) Provisions** At each balance sheet date basis the management judgment, changes in facts and legal aspects, the Company assesses the requirement of provisions against the outstanding contingent liabilities. However, the actual future outcome may be different from this judgement.

### Significant estimates

- a) Impairment of financial assets At each balance sheet date, based on historical default rates observed over expected life, existing market conditions as well as forward looking estimates, the management assesses the expected credit losses on outstanding receivables and advances. Further, management also considers the factors that may influence the credit risk of its customer base, including the default risk associated with industry and country in which the customer operates.
- b) Fair value measurements Management applies valuation techniques to determine fair value of stock options. This involves developing estimates and assumptions around volatility, dividend yield which may affect the value of stock options.
- c) Defined benefit obligation (DBO) Management's estimate of the DBO is based on a number of underlying assumptions such as standard rates of inflation, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses.
- d) Useful lives of depreciable/amortisable assets Management reviews its estimate of the useful lives of depreciable/amortisable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical and economic obsolescence that may change the utilisation of assets.

Summary of significant accounting policies and other explanatory information for the year ended 31 March 2023

(All amount in INR lakhs unless stated otherwise)

#### (vi) Actuarial economic assumptions

Description	31 March 2023	31 March 2022
Discount rate	7.36%	7.22%
Future salary increase	9.00%	8.00%

#### (vii) Actuarial demographic assumptions

Description	31 March 2023	31 March 2022
Retirement age	60 years	60 years
Mortality rates inclusive of provision for disability	100 % of IALM (2012 - 14)	100 % of IALM (2012 - 14)
Withdrawal Rate (%) - Up to 30 Years		3.00%
Withdrawal Rate (%) - 31 to 44 Years	11.00%	2.00%
Withdrawal Rate (%) - Above 44 Years		1.00%

Gratuity is payable to the employees on death or resignation or on retirement at the attainment of superannuation age. To provide for these eventualities, the Actuary has used Indian Assured Lives Mortality (2012-14) Ultimate table.

These assumptions were developed by management with the assistance of independent actuarial appraisers. Discount factors are determined close to each yearend by reference to government bonds and that have terms to maturity approximating to the terms of the related obligation. Other assumptions are based on management's historical experience.

#### (viii) Sensitivity analysis for gratuity liability

Description	31 March 2023	31 March 2022
Impact of the change in discount rate		
- Impact due to increase of 0.5 %	(33.04)	(58.45)
- Impact due to decrease of 0.5 %	35.21	64.85
Impact of the change in salary increase		
- Impact due to increase of 0.5 %	34.50	51.16
- Impact due to decrease of 0.5 %	(32.70)	(49.31)

The above sensitivity analysis are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied which was applied while calculating the defined benefit obligation recognised in the balance sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to prior period.

#### (ix) Maturity profile of defined benefit obligation

Description	31 March 2023	31 March 2022

#### (x) Category of plan assets:

Particulars	31 March 2023	31 March 2022
Investments with Life Insurance Corporation of India	100.00%	100.00%

(xi) The expected expense on its gratuity plan in the next accounting period amounts to INR 125.37 lakhs (31 March 2022: INR 115.79 lakhs) and the extent of the Company's contribution to the plan assets will be based on future liquidity positions.

#### B Compensated absences (unfunded)

The leave obligations cover the Company's liability for earned leaves. The Company does not have an unconditional right to defer settlement for the obligation shown as current provision balance above. However based on past experience, the Company does not expect all employees to take the full amount of accrued leave or require payment within the next 12 months, therefore based on the independent actuarial report, only a certain amount of provision has been presented as current and remaining as non-current. Amount of INR 49.96 lakhs (31 March 2022: INR 24.24 lakhs) has been recognised in the statement of profit and loss.

#### B Fair values hierarchy

The fair value of financial instruments as referred to in note (A) above has been classified into three categories depending on the inputs used in the valuation technique. The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities [Level 1 measurements] and lowest priority to unobservable inputs [Level 3 measurements].

The categories used are as follows:

- Level 1: Quoted prices for identical instruments in an active market
- Level 2: Directly (i.e. as prices) or indirectly (i.e. derived from prices) observable market inputs, other than Level 1 inputs; and
- Level 3: Inputs which are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a net asset value or valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

#### C Financial Risk Management

#### **Risk Management**

The Company's activities expose it to market risk, liquidity risk and credit risk. The Company's Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the related impact in the financial statements.

Risk	Exposure arising from	Measurement	Management
Credit risk	Cash and cash equivalents, trade receivables, financial assets measured at amortised cost	Ageing analysis	Diversification of asset base and specified credit limits.
	Borrowings and other liabilities Recognised financial assets and liabilities not denominated in Indian	Rolling cash flowforecasts Cash flow forecasting	Availability of committed credit lines and borrowing facilities Forward contract, if required
Market risk - price risk	Investments measured at fair value	Sensitivity analysis	Diversification of investment portfolio, stratagic and systamatic investments
	Long-term and short-term borrowings at variable rates	Sensitivity analysis	Negotiation of terms that reflect the market factors

The Company's risk management is carried out by a finance department (of the Company) under policies approved by the Board of directors. The Board of directors provides written principles for overall risk management, as well as policies covering specific areas, such as foreign exchange risk, interest rate risk, credit risk and investment of excess liquidity.

#### 1 Credit risk

Credit risk is the risk that a counterparty fails to discharge its obligation to the Company. The Company's exposure to credit risk is influenced mainly by cash and cash equivalents, trade receivables and other financial assets measured at amortised cost. The Company continuously monitors defaults of customers and other counterparties and incorporates this information into its credit risk controls.

<sup>\*\*</sup> Fair value of financial assets and liabilities measured at amortised cost approximates their respective carrying values as the management has assessed that there is no significant movement in factor such as discount rates, interest rates, credit risk from the date of the transition. The fair values are assessed by the management using Level 3 inputs.

<sup>\*\*\*</sup>The financial instruments measured at FVTPL represents the following items constitutes to level 1 category and other financial liability containing derivative liability has been valued using level 2 valuation hierarchy above.

#### Summary of significant accounting policies and other explanatory information for the year ended 31 March 2023

(All amount in INR lakhs unless stated otherwise)

#### a) Credit risk management

(i) Credit risk rating

The Company assesses and manages credit risk based on internal credit rating system. Internal credit rating is performed for each class of financial instruments with different characteristics. The Company assigns the following credit ratings to each class of financial assets based on the assumptions, inputs and factors specific to the class of financial assets.

- (i) Low credit risk
- (ii) Moderate credit risk
- (iii) High credit risk

Based on business environment in which the Company operates, a default on a financial asset is considered when the counter party fails to make payments within the agreed time period as per contract. Loss rates reflecting defaults are based on actual credit loss experience and considering differences between current and historical economic conditions.

Assets are written off when there is no reasonable expectation of recovery, such as a debtor declaring bankruptcy or a litigation decided against the Company. The Company continues to engage with parties whose balances are written off and attempts to enforce repayment. Recoveries made are recognised in statement of profit and loss

Financial assets (other than trade receivables) that expose the entity to credit risk are managed and categorised as follows:

Basis of categorisation	Asset class exposed to credit risk	Provision for expected credit loss
Low credit risk	Cash and cash equivalents, other bank balances, loans and other financial assets	12 month expected credit loss.
Moderate credit risk	Other financial assets	Other financial assets - 12 month expected credit loss, unless credit risk has increased significantly since initial recognition, in which case allowance is measured at lifetime expected credit loss
High credit risk	Other financial assets	Other financial assets - Life time expected credit loss (when there is significant deterioration) or specific provision, whichever is higher

The Company recognises lifetime expected credit losses on trade receivables using a simplified approach, wherein Company has defined percentage of provision by analysing historical trend of default (net of any recoveries from the insurance companies) relevant to each business segment based on the criteria defined above and such provision percentage determined have been considered to recognise life time expected credit losses on trade receivables (other than those where default criteria are met in which case the full expected loss against the amount recoverable is provided for).

Financial assets (other than trade receivables) that expose the entity to credit risk (Gross exposure):

Particulars	As at 31 March 2023	As at 31 March 2022
(i) Low credit risk on financial reporting date		
Cash and cash equivalents	287.26	33.62
Other bank balances	1,956.97	1,507.27
Loans	642.99	554.68
Other financial assets	71.02	130.08
(ii) High credit risk		
Loans	85.04	85.04

#### Cash & cash equivalents and bank deposits

Credit risk related to cash and cash equivalents and bank deposits is managed by only accepting highly rated banks and diversifying bank deposits and accounts in different banks across the country.

#### Trade receivables and loans

Life time expected credit loss is provided for trade receivables. Based on business environment in which the Company operates, a default on a financial asset is considered when the counter party fails to make payments within the agreed time period as per contract. Loss rates reflecting defaults are based on actual credit loss experience and considering differences between current and historical economic conditions. Assets are written off when there is no reasonable expectation of recovery, such as a debtor declaring bankruptcy or a litigation decided against the Company. The Company continues to engage with parties whose balances are written off and attempts to enforce repayment. Recoveries made are recognised in statement of profit and loss.

#### Other financial assets measured at amortised cost

Other financial assets measured at amortised cost includes export benefits receivables, bank deposits with maturity of more than 12 months and other receivables. Credit risk related to these other financial assets is managed by monitoring the recoverability of such amounts continuously, while at the same time internal control system in place ensure the amounts are within defined limits.

#### (ii) Concentration of trade receivables

In order to avoid excessive concentrations of risk, the Group's policies and procedures include specific guidelines to focus on the maintenance of a diversified portfolio. Identified concentrations of credit risk are controlled and managed accordingly. Details of the such identified concentrations of credit risk are disclosed below:

Particulars	As at 31 March 2023	As at 31 March 2022

#### (iii) Expected credit losses

#### i) Financial assets (other than trade receivables)

Company provides for expected credit losses on loans and advances other than trade receivables by assessing individual financial instruments for expectation of any credit losses

- For cash & cash equivalents and other bank balances Since the Company deals with only high-rated banks and financial institutions, credit risk in respect of cash and cash equivalents, other bank balances and bank deposits is evaluated as very low.
- For loans Credit risk for loan given to subsidiaries are evaluated on an individual basis by the management after considering the future cash flows expected to be derived. Credit risk for security deposits and loans is considered low because the Company is in possession of the underlying asset.
- For other financial assets Credit risk is evaluated based on Company's knowledge of the credit worthiness of those parties and loss allowance is measured. Credit risk in respect of other financial assets is considered as very low.

As at 31 March 2023	Gross carrying amount	Expected credit losses	Carrying amount net of impairment provision
Cash and cash equivalents	287.26	-	287.26
Other bank balances	1,956.97	-	1,956.97
Loans	728.03	85.04	642.99
Other financial assets	71.02	•	71.02

As at 31 March 2022	Gross carrying amount	Expected credit losses	Carrying amount net of impairment provision
Cash and cash equivalents	33.62		33.62
Other bank balances	1,507.27	-	1,507.27
Loans	639.72	85.04	554.68
Other financial assets	130.08	•	130.08

#### ii) Expected credit loss for trade receivables under simplified approach

The Company recognizes lifetime expected credit losses on trade receivables using a simplified approach, wherein Company has defined percentage of provision by analysing historical trend of default based on the criteria defined below and such provision percentage determined have been considered to recognise life time expected credit losses on trade receivables (other than those where default criteria are met in which case the full expected loss against the amount recoverable is provided for). Further, the Company has evaluated recovery of receivables on a case to case basis where these related parties will be able to generate adequate positive cash flows for payment of their dues to the Company. Hence, no provision on account of expected credit loss model has been considered for such related party balances.

#### 2 Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due.

Management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows. The Company takes into account the liquidity of the market in which the entity operates.

#### a) Financing arrangements

The Company had access to the following undrawn borrowing facilities at the end of the reporting period:

Summary of significant accounting policies and other explanatory information for the year ended 31 March 2023

(All amount in INR lakhs unless stated otherwise)

#### 48 Lease related disclosures

The Company has leases for various land locations at different plant sites across India and related facilities. With the exception of short-term leases and leases of low-value underlying assets, each lease is reflected on the balance sheet as a right-of-use asset and a lease liability. Variable lease payments which do not depend on an index or a rate are excluded from the initial measurement of the lease liability and right of use assets. The Company classifies its right-of-use assets in a consistent manner to its property, plant and equipment.

#### A Lease payments not included in measurement of lease liability

The expense relating to payments not included in the measurement of the lease liability is as follows:

B Total cash outflow for leases for the year ended 31 March 2023 was INR 71.34 lakhs (31 March 2022: INR 69.09 lakhs).

#### C Maturity of lease liabilities

The lease liabilities are secured by the related underlying assets. Future minimum lease payments were as follows:

Gross lease			Mini	mum lease pay	ments due		
payments	Within 1 year	1-2 years	2-3 years	3-4 years	4-5 years	More than 5	Total
						years	
31 March 2023	71.64	70.24	65.33	65.33	65.33	970.14	1,308.01
31 March 2022	64.63	64.63	64.63	64.63	64.63	942.92	1,266.10

#### D Extension and termination options

The Company has lease contracts for the land sites where the manufacturing plants are being set up. The Company has considered enforceable extension options available for land leases in lease period assessment since the Company can enforce its right to extend the lease beyond the initial lease periodis likely to be benefited by exercising the extension options.

#### 49 Revenue from Contracts with Customers

#### 50 Share-based payments

#### a) Employee option plan

The establishment of the Jash Engineering Employee Stock Option Scheme was approved by shareholders through postal ballot on 10 August 2019. The Employee Option Plan is designed to provide incentives to employees who have completed three years in company to deliver long-term returns. Under the plan, participants are granted options which vest in four tranches in four years from the grant date. Participation in the plan is at the board's discretion and no individual has a contractual right to participate in the plan or to receive any guaranteed benefits.

Once vested, the options remain exercisable for a period of one month.

Options carry no dividend or voting rights until they are exercised. When exercisable, each option is convertible into one equity share. The exercise price of the options is 20% discount on the closing market price of one day prior to the date of grant on stock exchange where the equity shares of the Company are listed.

Set out below is a summary of options granted under the plan:

		ear ended ch 2023	For the year ended 31 March 2022		
	Average exercise price per share option (INR)	Number of options	Average exercise price per share option (INR)	Number of options	
Opening balance	118.64	2,31,610	118.64	3,11,130

Weighted average rem	aining contractual life	1.15	1.87		

#### Fair value of options granted

The fair value of the equity-settled options at grant date is determined using the Black Scholes Model using the following key inputs:

- i) Options will vest in a graded manner over four years from the date of grant. These options are exercisable within a period of one month of vesting.
- ii) Exercise price: INR 118.64
- iii) Share price at grant date: INR 148.30
- iv) Weighted average expected price volatility\*: 72.44%
- v) Weighted average expected dividend yield: 1.36%
- vi) Risk-free interest rate: 6.10% for all tranches

#### (b) Expense arising from share-based payment transactions

Total expenses arising from share-based payment transactions recognised in profit or loss as part of employee benefit expense were as follows:

Particulars	For the year ended 31 March 2023	For the year ended 31 March 2022
Employee option plan	38.63	67.39
Total employee share-based payment expense	38.63	67.39

The above expense pertains to 291,000 options. The rest of the 22,000 options were issued to employees of subsidiary companies and there was no recharge done from the subsidiaries. The propotionate fair value in respect of these options amounting to INR 22.25 lakhs (31 March 2022: INR 19.67 lakhs) has been recorded as deemed investment in subsidiaries (refer note 8.1).

<sup>\*</sup>The expected price volatility is based on the historic volatility (based on the remaining life of the options), adjusted for any expected changes to future volatility based on publicly available information.

#### INDEPENDENT AUDITOR'S REPORT

To The Members of Jash Engineering Limited

Report on the Audit of the Consolidated Financial Statements

#### **Opinion**

We have audited the accompanying consolidated financial statements of Jash Engineering Limited (the Parent/Holding Company) and its subsidiaries, (the Parent/Holding Company and its subsidiaries together referred to as the Group), which comprise the Consolidated Balance Sheet as at 31<sup>st</sup> March 2023, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of the other auditors on separate financial statements of subsidiary and unaudited financial information of subsidiaries of the Other Matters section below, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (the Act) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ('Ind AS'), and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31 March 2023, and their consolidated profit, their consolidated total comprehensive income, their consolidated cash flows and their consolidated changes in equity for the year ended on that date.

#### **Basis for Opinion**

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143 (10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group, in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us and other auditors in terms of their reports referred to in the sub-paragraphs (a) and (b) of the Other Matters section below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

#### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. we have determined the matters described below to be the key audit matters to be communicated in our report.

#### Information Other than the Financial Statements and Auditor's Report Thereon

- The Holding Company's Board of Directors is responsible for the other information. The other information comprises the
  information included in the Annual report, but does not include the consolidated financial statements, standalone
  financial statements and our auditor's report thereon. The annual report is expected to be made available to us after the
  date of this auditor's report.
- Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available, compare with the financial statements of the subsidiary audited by the other auditors and unaudited financial information of subsidiaries to the extent it relates to these entities and, in doing so, place reliance on the work of the other auditors and consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. Other information so far as it relates to the subsidiary is traced from their financial statements audited by the other auditors and unaudited financial information of subsidiaries, provided by the management.
- When we read the above mentioned reports, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance

#### Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated changes in equity of the Group in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Management of the companies included in the Group are responsible for assessing the ability of the respective entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate their respective entities or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

#### Auditor's Responsibility for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or
error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and
appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is

higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(I) of the Act, we are also responsible for expressing our opinion on whether the Parent/ Holding Company has adequate internal financial controls with reference to consolidated financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the business activities within the Group and / to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such business activities included in the consolidated financial statements of which we are the independent auditors. For the business activities included in the consolidated financial statements, which have been audited by the other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. For the unaudited financial information of the subsidiaries provided by the management, respective management are responsible for the direction, supervision and preparation of said financial information. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1 (e)under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls with reference to consolidated financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (the Act)

In conjunction with our audit of the consolidated Ind AS financial statements of the Company as of and for the year ended March 31, 2023, we have audited the internal financial controls with reference to consolidated financial statements of Jash engineering Limited (hereinafter referred to as "the Holding Company"/ "Parent") and its subsidiary company incorporated in India, as of that date.

#### Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding company / Parent, its subsidiary company incorporated in India are responsible for establishing and maintaining internal financial controls with reference to consolidated financial statements based on the internal control with reference to consolidated financial statements criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on the internal financial controls with reference to consolidated financial statements of the Holding Company/ Parent, its subsidiary company incorporated in India based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to consolidated financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the subsidiary company incorporated in India in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements of the Holding Company/ Parent, its subsidiary company incorporated in India.

#### Meaning of Internal Financial Controls with reference to consolidated financial statements

A company's internal financial control with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

#### Inherent Limitations of Internal Financial Controls with reference to consolidated financial statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### **Opinion**

In our opinion to the best of our information and according to the explanations given to us, the Holding Company, has, in all material respects, an adequate internal financial controls with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements were operating effectively as at March 31, 2023, based on the internal control with reference to consolidated financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

#### **Other Matters**

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements insofar as it relates to one subsidiary company incorporated in India, is based solely on the corresponding reports of the auditors of such company incorporated in India.

Our opinion is not modified in respect of the above matters.

Summary to the significant accounting policies and other explanatory information for the year ended 31 March 2023

### 1. Group overview

Jash Engineering Limited ('Jash Engineering' or 'the Holding Company') along with its subsidiaries, collectively referred to as 'the Group'. The Holding Company is a public limited company domiciled in India and is incorporated on 29 September 1973. Its shares are listed on National Stock Exchange of India limited. The registered office of the Holding Company is situated at 31, Sector-C, Sanwer Road, Industrial Area, Indore - 452015, Madhya Pradesh.

The Group is engaged in the business of manufacturing and trading of varied engineering products for general engineering industry, water and wastewater industry and bulk solids handling industry as well as plant supply as a total system for water treatment, wastewater treatment and sewage treatment plants.

Following are the details of the subsidiaries consolidated in these financial statements:

Name of the autitu	Name of the entity Principal activities		% equity	interest
Name of the entity	Principal activities	Incorporation	31 March 2023	31 March 2022
Shivpad Engineers Private Limited	Trading business of equipment as well as plant supply	India	100%	100%
Jash USA Inc.	Manufacture and trading of measuring tools, machine tools, water control gates etc.	USA	100%	100%
Rodney Hunt Inc.	No transactions during the current year	USA	100%	100%
Mahr Maschinenbeau GmbH	Manufacture of other non- economic machines	Austria	100%	100%

Jash Group Employee ESOP Trust	To issue shares under ESOP Scheme 2019 to eligible employees	India	100%	100%

The financial statements of the above entities (Subsidiaries) are drawn up-to the same accounting period as that of the Group.

### 2. General information and statement of compliance with Ind AS

These consolidated financial statements of the Group have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by the Ministry of Corporate Affairs ('MCA') under section 133 of the Companies Act, 2013 ('Act') read with the Companies (Indian Accounting Standards) Rules, 2015, as amended and other relevant provisions of the Act. The Group has uniformly applied the accounting policies for the periods presented.

The consolidated financial statements for the year ended 31 March 2023 were authorized and approved for issue by the Board of Directors on 23 May 2023.

### **Basis of preparation**

The consolidated financial statements have been prepared in accordance with the accounting principles generally accepted in India. Further, the consolidated financial statements have been prepared on accrual and going concern basis. All assets and liabilities have been classified as current or non-current as per the Group's normal operating cycle and other criteria as set out in the Division II of Schedule III to the Companies Act, 2013. Based on the nature of products and the time between acquisition of assets for processing and their realisation in cash and cash equivalents, the Group has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities.

The consolidated financial statements have been prepared under historical cost convention basis except for the following –

- Certain financial assets which are measured at fair value;
- Defined benefit plans plan assets measured at fair value
- Share based payments which are measured at fair value of the options; and
- Assets held for sale measured at lower of carrying amount and fair value less cost to sell

Summary to the significant accounting policies and other explanatory information for the year ended 31 March 2023

### **Basis of consolidation**

The consolidated financial statements comprises the financial statements of the Holding Company and its subsidiaries. Subsidiaries are all entities (including structured entities) over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. The Group can have power over the investee even if it owns less than majority voting rights i.e. rights arising from other contractual arrangements. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases. Statement of profit and loss (including other comprehensive income ('OCI')) of subsidiaries acquired or disposed of during the period are recognized from the effective date of acquisition, or up to the effective date of disposal, as applicable.

The Group combines the financial statements of the Holding Company and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Intercompany transactions, balances and unrealised gains on transactions between group companies are eliminated. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it:

- Derecognises the assets (including goodwill) and liabilities of the subsidiary at their carrying amounts at the date when control is lost
- Derecognises the cumulative translation differences recorded in equity
- Recognises the fair value of the consideration received
- Recognises the fair value of any investment retained
- Recognises any surplus or deficit in profit or loss
- Recognise that distribution of shares of subsidiary to Group in Group's capacity as owners
- Reclassifies the parent's share of components previously recognised in OCI to profit or loss or transferred directly to retained earnings, if required by other Ind ASs as would be required if the Group had directly disposed of the related assets or liabilities

### **Functional and presentation currency**

The consolidated financial statements have been prepared and presented in Indian Rupees (INR), which is the Group's functional and presentation currency.

### 3. Summary of significant accounting policies

The consolidated financial statements have been prepared using the significant accounting policies and measurement basis summarised below. These policies have been consistently applied to all the years presented, unless otherwise stated.

### 3.1 Property, plant and equipment

Recognition and initial measurement

Property, plant and equipment are stated at cost, less accumulated depreciation and amortisation. The cost comprises purchase price and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group. All other repair and maintenance costs are recognised in statement of profit and loss as incurred.

Subsequent measurement (depreciation and useful lives)

Depreciation on property, plant and equipment is provided on a straight-line basis, computed on the basis of useful life (as set out below) prescribed in Schedule II to the Act.

Summary to the significant accounting policies and other explanatory information for the year ended 31 March 2023

Asset class	Useful life (years)
Plant & Machinery	15
Buildings ( RCC structures )	60
Factory building	30
Computers	3
Electrical installations	10
Furniture and fixtures	10
Office equipment	5
Vehicles	8

#### De-recognition

An item of property, plant and equipment and any significant component initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset/significant component (calculated as the difference between the net disposal proceeds and the carrying amount of the asset/significant component) is recognised in statement of profit and loss, when the asset is derecognised.

### 3.2 Capital work-in-progress

Capital work-in-progress are carried at cost, comprising direct cost and related incidental expenses acquire property, plant and equipment. Assets which are not ready to be intended use are also shown under capital work-in-progress.

#### 3.3 Intangible assets

#### Recognition and initial measurement

Goodwill represents the cost of acquired business as established at the date of acquisition of the business in excess of the acquirer's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities less accumulated impairment losses, if any. Goodwill is tested for impairment annually or when events or circumstances indicate that the implied fair value of goodwill is less than its carrying amount.

Other Intangible assets are stated at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use.

### Subsequent measurement

Intangible assets consisting of technical know-how and computer software. These are amortised on a straight-line basis over the estimated useful lives from the date when the assets are available for use. The estimated useful life (amortisation period) of the intangible assets is arrived basis the expected pattern of consumption of economic benefits and is reviewed at the end of each financial year and the amortisation period is revised to reflect the changed pattern, if any.

Asset class	Useful life (years)
Technical know how	10 to 15
Computer Software	3 to 6

### 3.4 Intangible assets under development

Intangible assets under development represents expenditure incurred in respect of intangible assets under development and are carried at cost. Cost includes development cost, borrowing costs and other direct expenditure necessary to create, produce and prepare the asset to be capable of operating in the manner intended by management. These are recognised as assets when the Group can demonstrate following recognition requirements:

- The development costs can be measured reliably
- The project is technically and commercially feasible
- The Group intends to and has sufficient resources to complete the project

Summary to the significant accounting policies and other explanatory information for the year ended 31 March 2023

- The Group has the ability to use or sell such intangible asset
- The software will generate probable future economic benefits.

Amortisation of the asset begins when development is complete and the asset is available for use.

#### 3.5 Revenue recognition

The Group generates revenue from sale of varied engineering products for general engineering industry, water and waste, water industry, bulk solids handling industry and also from rendering installation services along with the sale of goods, if specified in the contract with customers.

To determine whether to recognise revenue, the Group follows a 5-step process in accordance with Ind AS- 115- Revenue from contracts with customers.

- 1. Identifying the contract with a customer
- 2. Identifying the performance obligations
- 3. Determining the transaction price
- 4. Allocating the transaction price to the performance obligations
- 5. Recognising revenue when/as performance obligation(s) are satisfied.

Revenue is measured at fair value of consideration received or receivable, after deduction of any trade discounts, volume rebates and any taxes or duties collected on behalf of the government which are levied on sales such as goods and services tax (GST). In case of multi-element revenue arrangements, which involve delivery or performance of multiple products, services, evaluation will be done of all deliverables in an arrangement to determine whether they represent separate units of accounting at the inception of arrangement. Total arrangement consideration related to the bundled contract is allocated among the different elements based on their relative fair values (i.e., ratio of the fair value of each element to the aggregated fair value of the bundled deliverables). In case the relative fair value of different components cannot be determined on a reasonable basis, the total consideration is allocated to the different components based on residual value method.

Revenue is recognised either at a point in time or over time, when (or as) the Group satisfies performance obligations by transferring the promised goods or services to its customers.

The Group recognises contract liabilities for consideration received in respect of unsatisfied performance obligations and reports these amounts as other liabilities in the statement of financial position. Similarly, if the Group satisfies a performance obligation before it receives the consideration, the Group recognises either a contract asset or a receivable in its statement of financial position, depending on whether something other than the passage of time is required before the consideration is due.

### Sale of goods

Revenue from sale of goods is recognised when the control of goods is transferred to the buyer as per the terms of the contract, in an amount that reflects the consideration the Group expects to be entitled to in exchange for those goods. Control of goods refers to the ability to direct the use of and obtain substantially all of the remaining benefits from goods.

#### Sale of services

Revenue from sale of services in respect of ancillary field services relating to its products for which revenue is recognised when the performance obligation is completed.

### **Export benefits**

Income from export incentives are accounted for on exports of goods if the entitlement can be estimated with reasonable accuracy and conditions precedent to claim are reasonable expected to be fulfilled.

### Interest income

Interest income is recognised on time proportion basis considering the amount outstanding and rate applicable. For all financial assets measured at amortised cost, interest income is recorded using the effective interest rate (EIR) i.e. the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the net carrying amount of the financial assets.

Summary to the significant accounting policies and other explanatory information for the year ended 31 March 2023

#### **Dividend income**

Dividend income is recognised at the time when right to receive the payment is established.

### 3.6 Leases

The Group assesses at contract inception whether a contract is, or contains, a lease in accordance with Ind AS- 116 Leases. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

### Group as a lessee

The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

### a) Right-of-use assets

The Group recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

#### b) Lease liabilities

At the commencement date of the lease, the Group recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating the lease, if the lease term reflects the Group exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments or a change in the assessment of an option to purchase the underlying asset.

#### c) Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

### Group as a lessor

Leases for which the Group is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

For operating leases, rental income is recognized on a straight-line basis over the term of the relevant lease.

### 3.7 Inventories

Inventories are valued at the lower of cost and net realisable value.

Costs incurred in bringing each product to its present location and condition are accounted for as follows:

- Raw materials: cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition.

Summary to the significant accounting policies and other explanatory information for the year ended 31 March 2023

- Finished goods and work in progress: cost includes cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity.
- Goods purchased for resale (traded goods): cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

3.8 Impairment testing of goodwill, other intangible assets and property, plant and equipment and right-of-use asset At the end of each reporting period, the Group reviews the carrying amounts of its tangible and intangible assets of a "Cash Generating Unit" (CGU) to determine whether there is any indication that those assets have suffered an impairment loss. Individual assets are grouped for impairment assessment purposes at the lowest level at which there are identifiable cash flows that are largely independent of the cash flows of other groups of assets. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash- generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount. The increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in the statement of profit and loss.

### 3.9 Government grants

Government grants are recognised where there is reasonable assurance that the grant will be received, and all attached conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is recognised as income in equal amounts over the expected useful life of the related asset.

When the Group receives grants of non-monetary assets, the asset and the grant are recorded at fair value amounts and released to profit or loss over the expected useful life in a pattern of consumption of the benefit of the underlying asset i.e. by equal annual instalments.

When loans or similar assistance are provided by governments or related institutions, with an interest rate below the current applicable market rate, the effect of this favourable interest is regarded as a government grant. The loan or assistance is initially recognised and measured at fair value and the government grant is measured as the difference between the initial carrying value of the loan and the proceeds received. The loan is subsequently measured as per the accounting policy applicable to financial liabilities.

### 3.10 Foreign currency

Initial recognition of Transactions

Foreign currency transactions are recorded in the functional currency, by applying to the exchange rate applicable as at the date of the transaction.

Summary to the significant accounting policies and other explanatory information for the year ended 31 March 2023

### Subsequent recognition of balances

Foreign currency non-monetary items (item balances) which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction. Monetary items denominated in foreign currency are restated at the exchange rate prevailing on the balance sheet date.

#### Exchange differences

Exchange differences arising on the settlement/restatement of monetary items at the exchange rates different from those at which they were initially recorded during the year or reported in the previous consolidated financial statements, are recognised as income or expense in the year in which they arise.

### Foreign operations

In the Group's financial statements, all assets, liabilities and transactions of the Group entities with functional currency other than the Indian Rupee are translated into Indian Rupee upon consolidation. The functional currency of the entities in the Group has remained unchanged during the reporting period. On consolidation, assets and liabilities have been translated into Indian Rupee at the closing rate at the reporting date. Fair value adjustments arising on the acquisition of a foreign entity have been treated as assets and liabilities of the foreign entity and translated into Indian Rupee at the closing rate. Income and expenses have been translated into Indian Rupee at the average rate over the reporting period. Exchange differences are charged/ credited to other comprehensive income and recognized in the currency translation reserve in equity. On disposal of a foreign operation, the related cumulative translation differences recognized in equity are reclassified to the statement of profit or loss and are recognized as part of the gain or loss on disposal.

#### 3.11Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

### Recognition and initial measurement

Financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provisions of the financial instrument and are measured initially at fair value adjusted for transaction costs. Subsequent measurement of financial assets and financial liabilities is described below.

### Non-derivative financial assets

#### Subsequent measurement

**Financial assets carried at amortised cost** – A 'financial asset' is measured at the amortised cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method.

### De-recognition of financial assets

A financial asset is de-recognised when the contractual rights to receive cash flows from the asset have expired or the Group has transferred its rights to receive cash flows from the asset.

### Non-derivative financial liabilities

#### Subsequent measurement

Subsequent to initial recognition, all non-derivative financial liabilities are measured at amortised cost using the effective interest method.

Summary to the significant accounting policies and other explanatory information for the year ended 31 March 2023

Amortised cost is calculated by considering any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The effect of EIR amortisation is included as finance costs in the statement of profit and loss.

#### De-recognition of financial liabilities

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

#### **Derivative financial instruments**

Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently remeasured to their fair value at the end of each reporting period.

### Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Group or the counterparty.

#### 3.12 Impairment of financial assets

In accordance with Ind AS 109, the Group applies expected credit loss ('ECL') model for measurement and recognition of impairment loss for financial assets. ECL is provided for when there has been a significant increase in credit risk and then, factors historical trends and forward looking information. An impairment loss is recognised either based on the 12 months' probability of default or lifetime probability of default.

#### Trade receivables

In respect of trade receivables, the Group applies the simplified approach of Ind AS 109, which requires measurement of loss allowance at an amount equal to lifetime expected credit losses. Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of such receivables.

### Other financial assets

In respect of its other financial assets, the Group assesses if the credit risk on those financial assets has increased significantly since initial recognition. If the credit risk has not increased significantly since initial recognition, the Group measures the loss allowance at an amount equal to 12-month expected credit losses, else at an amount equal to the lifetime expected credit losses.

#### 3.13 Income taxes

Tax expense recognised in profit or loss comprises the sum of deferred tax and current tax not recognised in other comprehensive income or directly in equity.

Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961. Current tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity.

Deferred tax liabilities are generally recognised in full for all taxable temporary differences. Deferred tax assets are recognised to the extent that it is probable that the underlying tax loss, unused tax credits (Minimum alternate tax credit entitlement) or deductible temporary difference will be utilised against future taxable income. This is assessed based on the Group's forecast of future operating results, adjusted for significant non-taxable income and expenses and specific limits on the use of any unused tax loss or credit. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity.

Summary to the significant accounting policies and other explanatory information for the year ended 31 March 2023

Minimum Alternative Tax ('MAT') credit entitlement under the provisions of the Indian Income-tax Act, 1961 is recognised as a deferred tax asset when it is probable that future economic benefit associated with it in the form of adjustment of future income tax liability, will flow to the Group and the asset can be measured reliably. MAT credit entitlement is set off to the extent allowed in the year in which the Group becomes liable to pay income taxes at the enacted tax rates. MAT credit entitlement is reviewed at each reporting date and is recognised to the extent that is probable that future taxable profits will be available against which they can be used. MAT credit entitlement has been presented as deferred tax asset in Balance Sheet. Significant management judgment is required to determine the probability of recognition of MAT credit entitlement.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and liability on a net basis. Deferred tax assets and deferred tax liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities; and the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority.

#### 3.14 Dividend

The Group recognises a liability to pay dividend to equity holders of the Holding Company when the distribution is authorized and the distribution is no longer at the discretion of the Group. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

### 3.15 Employee benefits

### Short-term employee benefits

All employee benefits payable wholly within twelve months of receiving employee services are classified as short-term employee benefits. These benefits include salaries and wages, bonus and ex-gratia. The undiscounted amount of short-term employee benefits to be paid in exchange for employee services is recognised as an expense as the related service is rendered by employees.

#### Defined contribution plan

Provident fund benefit is a defined contribution plan under which the Group pays fixed contributions to Regional Provident Fund Commissioner in accordance with Employees Provident Fund and Miscellaneous Provision Act, 1952. The Group has no legal or constructive obligations to pay further contributions after payment of the fixed contribution. The contributions recognised in respect of defined contribution plans are expensed as they accrue. Liabilities and assets may be recognised if underpayment or prepayment has occurred and are included in non-current/current liabilities or non-current/current assets, respectively.

### Defined benefit plan

The Group provides for gratuity, a defined benefit retirement plan, which defines an amount of benefit that an employee will receive on separation from the Group, usually dependent on one or more factors such as age, years of service and remuneration. The plan provides for a lump sum payment to vested employees at retirement, death while in employment or on termination of employment of an amount based on the respective employee's salary and the tenure of employment. Vesting occurs upon completion of five years of service. The liability recognised in the balance sheet for defined benefit plans is the present value of the defined benefit obligation ('DBO') at the balance sheet date, together with adjustments for unrecognised actuarial gains or losses and past service costs. The discount rates used for determining the present value of obligation under defined benefit plans, is based on the market yields on Government securities as at the Balance Sheet date, having maturity periods approximating to the terms of related obligations. The present value of DBO is calculated annually by an independent actuary using the projected unit credit method. Actuarial gains/losses resulting from re-measurements of the liability due to change in actuarial assumptions are included in other comprehensive income.

### Other long-term employee benefits

The Liability in respect of compensated absences becoming due or expected to be availed within one year from the balance sheet date is recognised on the basis of undiscounted value of estimated amount required to be paid or estimated value of benefit expected to be availed by the employees. Liability in respect of compensated absences becoming due or expected to be availed more than one year after time balance sheet date is estimated on the basis of an actuarial valuation performed by an independent actuary using the projected unit credit method, actuarial gains and losses arising from past experience and changes in actuarial assumptions are credited or charged to the Statement of Profit and Loss in the year in which such gains or losses are determined.

### 3.16 Non-current assets held for sale and discontinued operations

An entity shall classify a non-current asset (or disposal group) as held for sale if its carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the asset is available for immediate sale in its present condition subject only to terms that are usual and customary for sale of such asset and its sale is highly probable. Management must be committed to sale which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

Non-current assets classified as held for sale are presented separately and measured at the lower of their carrying amounts immediately prior to their classification as held for sale and their fair value less costs to sell. However, some held for sale assets such as financial assets, assets arising from employee benefits and deferred tax assets, continue to be measured in accordance with the Group's relevant accounting policy for those assets. Once classified as held for sale, the assets are not subject to depreciation or amortisation.

A discontinued operation is a component of the Group that either has been disposed of, or is classified as held for sale. Profit or loss from discontinued operations comprise the post-tax profit or loss of discontinued operations and the post-tax gain or loss resulting from the measurement and disposal of assets classified as held for sale. Any profit or loss arising from the sale or re-measurement of discontinued operations is presented as part of a single line item, profit or loss from discontinued operations.

### 3.17 Provisions, contingent liabilities and contingent assets

Provisions are recognised only when there is a present obligation, as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and when a reliable estimate of the amount of obligation can be made at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates. If the effect of the time value of money is material, provisions are discounted to reflect its present value using a current pre-tax rate that reflects the current market assessments of the time value of money and the risks specific to the obligation. When provisions are discounted, the increase in the provision due to the passage of time is recognised as a finance cost.

### Warranty provision:

Provisions for warranty-related costs are recognised when the service provided. Provision is based on historical experience. The estimate of such warranty-related costs is revised annually.

Contingent liability is disclosed for:

- Possible obligations which will be confirmed only by future events not wholly within the control of the Group or
- Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

Contingent assets are not recognised. However, when inflow of economic benefits is probable, related asset is disclosed.

### 3.18 Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events including a bonus issue.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

### 3.19 Share based payments

The Group has equity-settled share-based remuneration plans for its employees. None of the Group's plans are cash-settled.

Where employees are rewarded using share-based payments, the fair value of employees' services is determined indirectly by reference to the fair value of the equity instruments granted. This fair value is appraised at the grant date and excludes the impact of non-market vesting conditions (for example profitability and sales growth targets and performance conditions).

All share-based remuneration is ultimately recognised as an expense in profit or loss with a corresponding credit to equity. If vesting periods or other vesting conditions apply, the expense is allocated over the vesting period, based on the best available estimate of the number of share options expected to vest.

Summary to the significant accounting policies and other explanatory information for the year ended 31 March 2023

Upon exercise of share options, the proceeds received, net of any directly attributable transaction costs, are allocated to share capital up to the nominal (or par) value of the shares issued with any excess being recorded as share premium.

### 3.20 Cash and cash equivalents

Cash and cash equivalents comprises of cash at banks and on hand, cheques on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

#### 3.21 Borrowing costs

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

Other borrowing costs are expensed in the period in which they are incurred. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

### 3.22 Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

The board of directors assess the financial performance and position of the Group and makes strategic decisions and therefore the board would be the chief operating decision maker. Refer note 55 for segment information presented.

#### 3.23 Exceptional items

Exceptional items are transactions which due to their size or incidence are separately disclosed to enable a full understanding of the Group's financial performance.

### 3.24 Cash flow statement

Cash flows are reported using indirect method, whereby profit before tax is adjusted for the effects transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from regular revenue generating, financing and investing activities of the Group are segregated. Cash and cash equivalents in the cash flow comprise cash at bank, cash/cheques in hand and short-term investments with an original maturity of three months or less.

### 4. Significant management judgement in applying accounting policies and estimation uncertainty

The preparation of the Group's consolidated financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the related disclosures.

Significant management judgements

- a) Recognition of deferred tax assets The extent to which deferred tax assets can be recognized is based on an assessment of the probability of the Group's future taxable income against which the deferred tax assets can be utilized.
- b) Evaluation of indicators for impairment of Plant, property and equipment The evaluation of applicability of indicators of impairment of assets requires assessment of several external and internal factors which could result in deterioration of recoverable amount of the assets.
- c) Contingent liabilities— At each balance sheet date basis the management judgment, changes in facts and legal aspects, the Group assesses the requirement of provisions against the outstanding contingent liabilities. However, the actual future outcome may be different from this judgement.
- **d) Provisions** At each balance sheet date basis the management judgment, changes in facts and legal aspects, the Group assesses the requirement of provisions against the outstanding contingent liabilities. However, the actual future outcome may be different from this judgement.

Summary to the significant accounting policies and other explanatory information for the year ended 31 March 2023

Significant estimates

- a) Impairment of financial assets At each balance sheet date, based on historical default rates observed over expected life, existing market conditions as well as forward looking estimates, the management assesses the expected credit losses on outstanding receivables and advances. Further, management also considers the factors that may influence the credit risk of its customer base, including the default risk associated with industry and country in which the customer operates.
- b) Fair value measurements Management applies valuation techniques to determine fair value of stock options. This involves developing estimates and assumptions around volatility, dividend yield which may affect the value of stock options.
- c) Defined benefit obligation (DBO) Management's estimate of the DBO is based on a number of underlying assumptions such as standard rates of inflation, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses.
- d) Useful lives of depreciable/amortisable assets Management reviews its estimate of the useful lives of depreciable/amortisable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical and economic obsolescence that may change the utilisation of assets.
- e) Impairment of Goodwill Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a DCF model. The cash flows are derived from the budget for the next five years and do not include restructuring activities that the Group is not yet committed to or significant future investments that will enhance the asset's performance of the CGU being tested. The recoverable amount is sensitive to the discount rate used for the DCF model as well as the expected future cash-inflows and the growth rate used for extrapolation purposes. These estimates are most relevant to goodwill and other intangibles with indefinite useful lives recognised by the Group.

### 5. Recent accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Rules, 2015 by issuing the Companies (Indian Accounting Standards) Amendment Rules, 2023, applicable from April 1, 2023, as below:

### Ind AS 1 - Presentation of Financial Statements:

The amendments require companies to disclose their material accounting policies rather than their significant accounting policies. Accounting policy information, together with other information, is material when it can reasonably be expected to influence decisions of primary users of general purpose financial statements. The Company does not expect this amendment to have any significant impact in its financial statements.

### Ind AS 12 - Income Taxes

The amendments clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of Ind AS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Company is evaluating the impact, if any, in its financial statements.

### $Ind\,AS\,8\,-Accounting\,Policies, Changes\,in\,Accounting\,Estimates\,and\,Errors$

The amendments will help entities to distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty". Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The Company does not expect this amendment to have any significant impact in its financial statements.

### (i) Impairment tests for goodwill

Goodwill is monitored by management at the level of the different cash generating units as follows:

Goodwill	Trading operations under Shivpad Engineers Private Limited	Manufacturing of industrial components*	Total
31 March 2023	445.42	1,724.55	2,169.97
31 March 2022	445.42	1,629.33	2,074.75

<sup>\*</sup>As at 31 March 2023, the Group has recognised goodwill on consolidation amounting to INR 1,724.55 lakhs (31 March 2022: INR 1,629.33 lakhs lakhs) related to its earlier acquisition of Mahr Maschinenbau GmbH ('Mahr') in these consolidated financial statements.

Considering, the net assets in Mahr does not collectively fall into the definition of separate cash-generating unit ('CGU') as specified in Ind AS 36, Impairment of Assets as they are significantly integrated with Holding Company's manufacturing process, therefore, for the purposes of impairment testing as per Ind AS 36, the carrying amount of goodwill mentioned above has been allocated to the net assets of the larger CGU in which the Group operates i.e. "Manufacturing of industrial components. Based on assessment carried out by the management of the Group, there is no impairment of goodwill as at 31 March 2023 and 31 March 2022.

### Summary of significant accounting policies and other explanatory information for the year ended 31 March 2023

(All amount in INR lakhs unless stated otherwise)

### (ii) Significant estimate: key assumptions used for value-in-use calculations

Pursuant to Ind AS-36, Impairment of Assets, the Group tests whether goodwill has suffered any impairment on an annual basis. The recoverable amount of the cash generating units (CGUs) was determined based on amounts of value-in-use calculations which require the use of assumptions. The calculations use cash flow projections based on financial budgets approved by management covering a five-year period.

Cash flows beyond the five-year period are extrapolated using the estimated growth rates (normalised) stated below.

The following table sets out the key assumptions for those CGUs that have significant goodwill allocated to them:

Particulars	Trading operations under Shivpad Engineers Private Limited	Manufacturing of industrial components
31 March 2023		
Growth rate	2.50%	5.00%
Pre-tax discount rate (%)	22.91%	16.78%
31 March 2022		
Growth rate	2.50%	5.00%
Pre-tax discount rate (%)	22.91%	16.78%

Management has determined the values assigned to each of the above key assumptions as follows:

Assumption	Approach used to determining values
	Average annual growth rate over the five-year forecast period; based on past performance and management's expectations of market development.
Pre-tax discount	Reflect specific risks relating to relevant businesses in which they operate.

The management have considered and assessed reasonably possible parameters and other key assumptions and have not identified any instances that could cause the carrying amount of the CGU to exceed its recoverable amount.

### (iii) Sensitivity analysis

The Group has conducted an analysis of the sensitivity of the impairment test to changes in the key assumptions used to determine the recoverable amount for each of the group of CGUs to which goodwill is allocated. The directors believe that any reasonably possible change in the key assumptions on which the recoverable amount of Trademark is based would not cause the aggregate carrying amount to exceed the aggregate recoverable amount of the related CGUs.

- c) In Jash USA INC, based on the recent history of profitability and future profitability projections, the management believes that the deferred tax assets will be realized during the foreseeable future. However, considering the prior year losses, the management has taken a prudent approach to recognize deferred tax asset of 31 March 2023 INR 313.67 lakhs (31 March 2022: INR 215.25 lakhs) has been recognized.
- d) In Mahr Maschinenbau GmbH, the amount of assessed unused tax losses as at the end of reporting period amounts to INR 872.89 (31 March 2022: INR 743.83 lakhs) and the Group expects that these losses shall be settled in the next accounting period on liquidation of this entity.

## Unrecognised temporary differences

A subsidiary of the Group have undistributed earnings of INR 1,544.41 lakhs (31 March 2022: INR 1,248.64 lakhs) which, if paid out as dividends, would be subject to tax in the hand of the recipient. An assessable temporary differences exists, but no deferred tax liability has been recognised as the Holding company is able to control the timings of the distributions from this subsidiary and is not expected to distribute these profits in the foreseeable future.

## (vi) Actuarial economic assumptions

Description	31 March 2023	31 March 2022
Discount rate	6.40%-7.36%	6.40%-7.22%
Future salary increase	8.00%-10.00%	8.00%-10.00%

## (vii) Actuarial demographic assumptions

Description	31 March 2023	31 March 2022
Retirement age	60 years	60 years
Mortality rates inclusive of provision for disability	100 % of IALM (2012 - 14)	100 % of IALM (2012 - 14)
Withdrawal Rate (%) - Up to 30 Years		3.00%
Withdrawal Rate (%) - 31 to 44 Years	11.00%	2.00%
Withdrawal Rate (%) - Above 44 Years		1.00%

Gratuity is payable to the employees on death or resignation or on retirement at the attainment of superannuation age. To provide for these eventualities, the Actuary has used Indian Assured Lives Mortality (2012-14) Ultimate table.

These assumptions were developed by management with the assistance of independent actuarial appraisers. Discount factors are determined close to each year-end by reference to government bonds and that have terms to maturity approximating to the terms of the related obligation. Other assumptions are based on management's historical experience.

## Summary of significant accounting policies and other explanatory information for the year ended 31 March 2023

(All amount in INR lakhs unless stated otherwise)

## (viii)Sensitivity analysis for gratuity liability

Description	31 March 2023	31 March 2022
Impact of the change in discount rate		
- Impact due to increase of 0.5 %	(60.88)	(84.51)
- Impact due to decrease of 0.5 %	64.30	92.33
Impact of the change in salary increase		
- Impact due to increase of 0.5 %	63.49	78.51
- Impact due to decrease of 0.5 %	(60.64)	(75.49)

The above sensitivity analysis are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied which was applied while calculating the defined benefit obligation recognised in the balance sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to prior period.

## (ix) Maturity profile of defined benefit obligation

Description	31 March 2023	31 March 2022

Particulars	31 March 2023	31 March 2022
Investments with Life Insurance corporation of India	100.00%	100.00%

(xi) Expected expense on the gratuity plan of the Group in the next accounting period amounts to INR 127.60 lakhs (31 March 2022: INR 115.80 lakhs) and the extent of its contribution to the plan assets is based on future liquidity position.

## B Compensated absences (unfunded)

The leave obligations cover the Group's liability for sick and earned leaves. The Group does not have an unconditional right to defer settlement for the obligation shown as current provision balance above. However based on past experience, the Group does not expect all employees to take the full amount of accrued leave or require payment within the next 12 months, therefore based on the independent actuarial report, only a certain amount of provision has been presented as current and remaining as non-current. Amount of INR 52.09 lakhs (31 March 2022: INR 28.09 lakhs) has been recognised in the statement of profit and loss.

#### B Fair values hierarchy

The fair value of financial instruments as referred to in note (A) above has been classified into three categories depending on the inputs used in the valuation technique. The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities [Level 1 measurements] and lowest priority to unobservable inputs [Level 3 measurements].

The categories used are as follows:

- Level 1: Quoted prices for identical instruments in an active market
- Level 2: Directly (i.e. as prices) or indirectly (i.e. derived from prices) observable market inputs, other than Level 1 inputs; and
- Level 3: Inputs which are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a net asset value or valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.
- \*\*Fair value of financial assets and liabilities measured at amortised cost approximates their respective carrying values as the management has assessed that there is no significant movement in factor such as discount rates, interest rates, credit risk from the date of the transition. The fair values are assessed by the management using Level 3 inputs. The carrying amounts of trade receivables, trade payables and cash and cash equivalents are considered to be the same as their fair values, due to their short-term nature.
- \*\*\*The financial instruments measured at FVTPL represents the following items constitutes to level 1 category and other financial liability containing derivative liability has been valued using level 2 valuation hierarchy above.

#### C Financial Risk Management

#### Risk Management

The Group's activities expose it to market risk, liquidity risk and credit risk. The Group's Board of Directors has overall responsibility for the establishment and oversight of the Group's risk management framework. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the related impact in the financial statements.

Risk	Exposure arising from	Measurement	Management
Credit risk	Cash and cash equivalents, trade receivables, financial assets measured at amortised cost	Aging analysis	Bank deposits, diversification of asset base and credit limits.
Liquidity risk	Borrowings and other liabilities	Rolling cash flow forecasts	Availability of committed credit lines and borrowing facilities
Risk	Exposure arising from	Measurement	Management
Market risk - foreign exchange	Recognised financial assets and liabilities not denominated in Indian rupee (INR)	Cash flow forecasting	Forward contract, if required
Market risk - Interest rate	Long-term and short-term borrowings at variable rates	Sensitivity analysis	Negotiation of terms that reflect the market factors

The Group's risk management is carried out by a finance department (of the Group) under policies approved by the board of directors. The board of directors provides written principles for overall risk management, as well as policies covering specific areas, such as foreign exchange risk, interest rate risk, credit risk and investment of excess liquidity.

### I Credit risk

Credit risk is the risk that a counterparty fails to discharge its obligation to the Group. The Group's exposure to credit risk is influenced mainly by cash and cash equivalents, trade receivables and other financial assets measured at amortised cost. The Group continuously monitors defaults of customers and other counterparties and incorporates this information into its credit risk controls.

## a) Credit risk management

## (i) Credit risk rating

The Group assesses and manages credit risk based on internal credit rating system. Internal credit rating is performed for each class of financial instruments with different characteristics. The Group assigns the following credit ratings to each class of financial assets based on the assumptions, inputs and factors specific to the class of financial assets.

- (i) Low credit risk
- (ii) Moderate credit risk
- (iii) High credit risk

Based on business environment in which the Group operates, a default on a financial asset is considered when the counter party fails to make payments within the agreed time period as per contract. Loss rates reflecting defaults are based on actual credit loss experience and considering differences between current and historical economic conditions.

Assets are written off when there is no reasonable expectation of recovery, such as a debtor declaring bankruptcy or a litigation decided against the Group. The Group continues to engage with parties whose balances are written off and attempts to enforce repayment. Recoveries made are recognised in statement of profit and loss.

#### Summary of significant accounting policies and other explanatory information for the year ended 31 March 2023

(All amount in INR lakhs unless stated otherwise)

Financial assets (other than trade receivables) that expose the entity to credit risk are managed and categorised as follows -

Basis of categorisation	Asset class exposed to credit risk	Provision for expected credit loss
Low credit risk	Cash and cash equivalents, other bank balances, loans and other financial assets	12 month expected credit loss.
Moderate credit risk	Other financial assets	Other financial assets - 12 month expected credit loss, unless credit risk has increased significantly since initial recognition, in which case allowance is measured at lifetime expected credit loss
High credit risk	Other financial assets	Other financial assets - Life time expected credit loss (when there is significant deterioration) or specific provision, whichever is higher

The Group recognises lifetime expected credit losses on trade receivables using a simplified approach, wherein Group has defined percentage of provision by analysing historical trend of default (net of any recoveries from the insurance companies) relevant to each business segment based on the criteria defined above and such provision percentage determined have been considered to recognise life time expected credit losses on trade receivables (other than those where default criteria are met in which case the full expected loss against the amount recoverable is provided for).

### Financial assets (other than trade receivables) that expose the entity to credit risk -

Particulars	As at 31 March 2023	As at 31 March 2022
Low credit risk on financial reporting date		
Cash and cash equivalents	887.41	376.28
Other bank balances	2,455.78	2,295.39
Loans	-	5.73
Other financial assets	76.73	211.53

#### Cash & cash equivalents and bank deposits

Credit risk related to cash and cash equivalents and bank deposits is managed by only accepting highly rated banks and diversifying bank deposits and accounts in different banks across the country.

## Trade receivables and loans

Life time expected credit loss is provided for trade receivables. Based on business environment in which the Group operates, a default on a financial asset is considered when the counter party fails to make payments within the agreed time period as per contract. Loss rates reflecting defaults are based on actual credit loss experience and considering differences between current and historical economic conditions. Assets are written off when there is no reasonable expectation of recovery, such as a debtor declaring bankruptcy or a litigation decided against the Group. The Group continues to engage with parties whose balances are written off and attempts to enforce repayment. Recoveries made are recognised in statement of profit and loss.

## Other financial assets measured at amortised cost

Other financial assets measured at amortised cost includes export benefits receivables, bank deposits with maturity of more than 12 months, accrued revenue and other receivables. Credit risk related to these other financial assets is managed by monitoring the recoverability of such amounts continuously, while at the same time internal control system in place ensure the amounts are within defined limits.

## (ii) Concentration of trade receivables

In order to avoid excessive concentrations of risk, the Group's policies and procedures include specific guidelines to focus on the maintenance of a diversified portfolio. Identified concentrations of credit risk are controlled and managed accordingly. Details of the such identified concentrations of credit risk are disclosed below:

Particulars	As at 31 March 2023	As at 31 March 2022
Rajkamal Builders	510.88	574.97
Total	510.88	574.97

## b) Expected credit losses

#### i) Financial assets (other than trade receivables)

The Group provides for expected credit losses on loans and advances other than trade receivables by assessing individual financial instruments for expectation of any credit losses.

- For cash & cash equivalents and other bank balances Since the Group deals with only high-rated banks and financial institutions, credit risk in respect of cash and cash equivalents, other bank balances and bank deposits is evaluated as very low.
- For loans comprising security deposits paid Credit risk for security deposits and loans is considered low because the Group is in possession of the underlying asset
- For other financial assets Credit risk is evaluated based on Group's knowledge of the credit worthiness of those parties and loss allowance is measured. Credit risk in respect of other financial assets is considered as very low.

#### II Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Group's approach to managing liquidity is to ensure as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due.

Management monitors rolling forecasts of the Group's liquidity position and cash and cash equivalents on the basis of expected cash flows. The Group takes into account the liquidity of the market in which the entity operates.

## a) Financing arrangements

The Group had access to the following undrawn borrowing facilities at the end of the reporting period:

	As at	As at

## III Market risk

## a) Foreign currency risk

The Group is exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to the US Dollar, EURO, Singapore Dollar (SGD), Canadian Dollar(CAD) and GBP. Foreign exchange risk arises from recognised assets and liabilities denominated in a currency that is not the functional currency of the Group. Considering the volume of foreign currency transactions, the Group's exposure to foreign currency risk is limited and the Group has taken forward contracts to manage its exposure. The Group does not hedge theses foreign currency exposures by a derivative instrument or otherwise.

### 46 Capital management

The Group's capital management objectives are

- to ensure the Group's ability to continue as a going concern
- to provide an adequate return to shareholders

The Group monitors capital on the basis of the carrying amount of equity less cash and cash equivalents as presented on the face of balance sheet.

Management assesses the Group's capital requirements in order to maintain an efficient overall financing structure while avoiding excessive leverage. This takes into account the subordination levels of the Group's various classes of debt. The Group manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares, or sell assets to reduce debt.

#### 49 Lease related disclosures

The Group has applied Ind AS 116 "Leases" for accounting of Leases. The Group has leases for various land locations at different plant sites across India and related facilities. With the exception of short-term leases and leases of low-value underlying assets, each lease is reflected on the balance sheet as a right-of-use asset and a lease liability. Variable lease payments which do not depend on an index or a rate are excluded from the initial measurement of the lease liability and right of use assets. The Group classifies its right-of-use assets in a consistent manner to its property, plant and equipment.

## a) Lease payments not included in measurement of lease liability

The expense relating to payments not included in the measurement of the lease liability is as follows:

Particulars	For the year ended 31 March 2023	For the year ended 31 March 2022
Short-term leases	6.80	13.08
Leases of low value assets	0.60	0.60

b) Total cash outflow for leases for the year ended 31 March 2023 was INR 149.55 lakhs (March 31, 2022: INR 118.18 lakhs)

#### c) Maturity of lease liabilities

The lease liabilities are secured by the related underlying assets. Future minimum lease payments were as follows:

Gross lease			Minim	um lease payment	s due		
payments	Within 1 year	1-2 years	2-3 years	3-4 years	4-5 years	More than 5	Total
						years	
31 March 2023	152.38	88.91	65.33	65.33	65.33	970.14	1,407.42
31 March 2022	109.30	101.58	71.86	64.63	64.63	942.92	1,354.93

#### d) Extension and termination options

The Group has lease contracts for the land sites where the manufacturing plants are being set up. The Group has considered enforceable extension options available for land leases in lease period assessment since the Group can enforce its right to extend the lease beyond the initial lease periodic likely to be benefited by exercising the extension options.

## 50 Revenue from Contracts with Customers

Indian Accounting Standard 115 Revenue from Contracts with Customers ("Ind AS 115"), establishes a framework for determining whether, how much and when revenue is recognised and requires disclosures about the nature, amount, timing and uncertainty of revenues and cash flows arising from customer contracts. Under Ind AS 115, revenue is recognised through a 5-step approach:

- (i) Identify the contracts with customer;
- (ii) Identify separate performance obligations in the contract;
- (iii) Determine the transaction price;
- (iv) Allocate the transaction price to the performance obligations; and
- (v) Recognise revenue when a performance obligation is satisfied.

The Group supplies various category of goods along with installation services. The revenue in respect of these is recognised on point in time basis when the control of goods is transferred to the customer. Following are the major category of products supplied by the Group.

## 51 Share-based payments

## a) Employee option plan

The Jash Engineering (Holding Company) Employee Stock Option Scheme was approved by shareholders through postal ballot on 10 August 2019. The Employee Option Plan is designed to provide incentives to employees who have completed three years in company to deliver long-term returns. Under the plan, participants are granted options which vest in four tranches in four years from the grant date. Participation in the plan is at the board's discretion and no individual has a contractual right to participate in the plan or to receive any guaranteed benefits.

Once vested, the options remain exercisable for a period of one month.

Options carry no dividend or voting rights until they are exercised. When exercisable, each option is convertible into one equity share. The exercise price of the options is 20% discount on the closing market price of one day prior to the date of grant on stock exchange where the equity shares of the Group are listed.

Set out below is a summary of options granted under the plan:

	For the ye	ear ended ch 2023	For the ye	
	Average exercise price per share option (INR)	Number of options	Average exercise price per share option (INR)	Number of options

## Fair value of options granted

The fair value at grant date is determined using the Black Scholes Model which takes into account the exercise price, the term of the option, the share price at grant date and expected price volatility of the underlying share, the expected dividend yield and the risk free interest rate for the term of the option.

The model inputs for options granted during the year ended 31 March 2023 included:

- i) Options will vest in a graded manner over four years from the date of grant. These options are exercisable within a period of one month of vesting
- ii) Exercise price: INR 118.64
- iii) Share price at grant date: INR 148.30
- iv) Weighted average expected price volatility\*: 72.44%
- v) Weighted average expected dividend yield: 1.36%
- vi) Risk-free interest rate: 6.10% for all tranches

#### (c) Expense arising from share-based payment transactions

Total expenses arising from share-based payment transactions recognised in profit or loss as part to employee benefit expense were as follows:
